ASSIGNMENT AND AGREEMENT

For value received, I, Roy K. Greenberg, residing at 1 Shoreby Drive, Bratenahl, OH 44108, U.S.A., hereby sell, assign, and transfer to **Cleveland Clinic Foundation**, a corporation of the State of Ohio, having an office at 9500 Euclid Avenue, Cleveland, Ohio 44195, U.S.A., and its successors, assigns and legal representatives, hereinafter collectively "Cleveland Clinic," the entire right, title and interest, for the United States of America, in and to certain inventions related to "Prosthesis for Implantation in Aorta and Method of Making Same," described in U.S. Provisional Application Serial No. 61/008,949, filed on December 21, 2007, and any and all applications claiming the benefit thereof including the right of priority, and described in U.S. Nonprovisional Application Serial No. 12/336,732 filed on December 17, 2008, and all the rights and privileges in said applications and under any and all Letters Patent or any continuation, division, renewal, or substitute thereof, and any reissue or re-examination thereof that may be granted in the United States for said inventions, together with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents. I also concurrently hereby sell, assign and transfer to Cleveland Clinic the entire right, title and interest in and to said inventions for all countries foreign to the United States, including all rights of priority arising from the applications aforesaid, and all the rights and privileges under any and all forms of protection, including Letters Patent, that may be granted in said countries foreign to the United States for said inventions. I sell, assign, and transfer this right, title and interest as of the day of filing of the U.S. Provisional Application mentioned above.

I authorize Cleveland Clinic to make application for such protection in its own name and maintain such protection in any and all countries foreign to the United States, and to invoke and claim for any application for patent or other form of protection for said inventions, without further authorization from me, any and all benefits, including the right of priority provided by any and all treaties, conventions, or agreements.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Cleveland Clinic to apply for patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority.

I request that any and all patents for said inventions be issued to Cleveland Clinic in the United States and in all countries foreign to the United States, or to such nominees as Cleveland Clinic may designate.
