PATENT ASSIGNMENT

This Patent Assignment (this "*Assignment*") is made effective as of April 1, 2009 (the "*Effective Date*"), by Foremost Farms USA, Cooperative, a cooperative formed under the laws of the State of Wisconsin ("*Assignor*"), and Dean Intellectual Property Services, Inc., a Delaware corporation ("*Assignee*").

RECITALS

A. In connection with that certain Asset Purchase Agreement dated April 1, 2009, by and among Assignee, Assignor, GG Acquisition, LLC, a Delaware limited liability company, and Dean Transportation, Inc., an Ohio corporation (as amended, the "*Asset Purchase Agreement*"), Assignor has agreed to assign to Assignee all right, title and interest in and to the patents listed on the attached Exhibit A, including but not limited to all inventions disclosed therein and all divisions, reissues, substitutions, continuations, continuations-in-part and extensions thereof, and foreign applications and counterparts with respect thereto (the "*Patents*").

B. Assignee desires to obtain all right, title and interest in the Patents according to the terms of this Assignment.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Section 1. Assignment. Assignor hereby sells, assigns and transfers to Assignee, its successors, assigns and legal representatives, the entire world-wide right, title and interest in and to the Patents, and the right to sue for, settle or release any past, present or future infringement of the Patents.

Section 2. Assistance. From time to time, as and when requested by any Assignee, Assignor shall execute and deliver, or cause to be executed and delivered, all documents and instruments and shall take, or cause to be taken, all further or other actions as Assignee may reasonably deem necessary or desirable to consummate the transactions contemplated by this Assignment and the Asset Purchase Agreement, including, in the case of Assignor, executing and delivering to Assignee such assignments, deeds, bills of sale, consents, powers of attorney, declarations, affidavits and other instruments as Assignee or its counsel may reasonably request as necessary or desirable for such purpose. Further, at Assignee's expense, Assignor and its successors and assigns shall testify in any legal proceedings, sign all lawful papers, make all lawful oaths and generally do everything possible to vest title to the Patents in Assignee and to aid Assignee, its successors, assigns and legal representatives to obtain and enforce proper protection for the Patents.

Section 3. Counterparts. This Assignment may be executed in any number of original, facsimile or portable document format (pdf) counterparts, each of which when so executed and delivered shall be an original, but all of which together shall constitute one instrument.

Section 4. GOVERNING LAW. THIS ASSIGNMENT WILL BE GOVERNED BY AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH THE SUBSTANTIVE LAWS OF THE STATE OF DELAWARE, WITHOUT GIVING EFFECT TO ANY CONFLICTS OF LAW RULE OR PRINCIPLE THAT MIGHT RESULT IN THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION.
