ASSIGNMENT

Whereas, by virtue of an Assignment recorded in the United States Patent and Trademark Office on Reel 021435, Frames 0811 through 0813, The Board of Regents, The University of Texas System, of 201 West 7th Street, Austin, Texas 78701 is a co-owner of United States Patent Application No. 61/070,852, filed March 26, 2008.

Whereas, OrthoLogic Corp., a Delaware corporation, of 1275 West Washington Street, Tempe, Arizona 85281, is desirous of acquiring from The Board of Regents, The University of Texas System its entire right, title and interest in, to and under the aforesaid Patent Application and the inventions therein described.

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, The Board of Regents, The University of Texas System (Assignor) hereby sells, transfers and conveys to OrthoLogic Corp. (Assignee) Assignor's entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to said inventions as described in said Patent Application, together with Assignor's entire right, title and interest in and to said Patent Application and such Letters Patent as may issue on said inventions, including Letters Patent granted on divisional, continuation or reissue applications; said inventions, Patent Application and Letters Patent to be held and enjoyed by said Assignee for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by Assignor had this assignment not been made; Assignor hereby conveys all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing said Patent Application; Assignor hereby acknowledges that this assignment, being of Assignor's entire right, title and interest in and to said inventions, carries with it the right in Assignee to use said Patent Application as a priority application in applying for and obtaining from competent authorities in all countries of the world Letters Patent, and this assignment carries with it the right to procure the grant of all such Letters Patent to Assignee; Assignor hereby expressly authorizes the filing of an International Patent Application under the Patent Cooperation Treaty which corresponds to and claims the priority of the above-identified application;

Assignor further agrees that Assignor will, without demanding any further consideration therefor, at the request but at the expense of Assignee, do all lawful and just acts, including the execution and acknowledgment of instruments that may be or may become necessary for obtaining, sustaining, reissuing, or enforcing said Letters Patent as may be granted from said Patent Application, and for maintaining and perfecting Assignee's rights to said Letters Patent, including the execution of applications for patents in foreign countries, and the execution of any further applications including substitution, reissue, divisional or continuation applications, and preliminary or other statements and the giving of testimony in any interference or other proceeding in which said inventions or any application or patent directed thereto may be involved;

Assignment of The Board of Regents, The University of Texas System to Orthologic Corp.

Assignor authorizes and requests each Patent Office and the Commissioner of Patents of the United States to issue such Letters Patent as shall be granted upon said inventions to said Assignee, its successors, assigns, and legal representatives.
