which application claims priority to and the benefit of the filing date of U.S. Provisional Application No. 61/050,100, filed on May 2, 2008, and which application was executed by the inventors on the date of execution of this assignment, and is identified by Attorney Docket No. E-MO-00188 (958-1557US1) and M/A-Com, Inc. whose address is 1011 Pawtucket Blvd., Lowell, MA 01854 and which, together with its successors and assigns is hereinafter called "Assignee," is desirous of acquiring title, rights, benefits and privileges hereinafter recited, and of confirming the same or any part thereof heretofore acquired by Assignee.

NOW, THEREFORE, for valuable consideration furnished by Assignee to us, receipt and sufficiency of which we hereby acknowledge, we hereby, without reservation:

1. Assign and convey to and confirm in Assignee the entire right, title and interest in and to said inventions and discoveries, as described in the provisional application for United States patent filed May 2, 2008, Serial No. 61/050,100, and any and all applications for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or discoveries or upon said applications, and any and all Letters Patent and reissues and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent;
