PATENT SECURITY AGREEMENT

PATENT SECURITY AGREEMENT (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, this "Agreement") dated as of February 28, 2008 among SOLUTIA INC., a Delaware corporation, located at 575 Maryville Centre Drive, St. Louis, Missouri 63141 (the "Borrower"), CPFILMS INC., a Delaware corporation, located at 4210 The Great Road, Fieldale, Virginia 24089 ("CPFilms"), and FLEXSYS AMERICA L.P. ("Flexsys"), a Delaware limited partnership, located at 260 Springside Drive, P.O. Box 5444, Akron, Ohio 44333-0444 (Borrower, CPFilms, and Flexsys, collectively, the "Grantors"), in favor of CITIBANK, N.A., located at 2 Penn's Way, New Castle, Delaware 19720, as collateral agent (in such capacity, together with its successors in such capacity, the "Collateral Agent") for the Secured Parties (as defined in the Credit Agreement referred to below).

RECITALS

A. The Borrower, the Collateral Agent, Citibank, N.A., as administrative agent (in such capacity and together with any successors in such capacity, the "Administrative Agent") for the Lenders (as defined herein), the lending institutions from time to time party thereto (the "Lenders") and the other parties thereto have entered into that certain Credit Agreement, dated as of the date hereof (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), providing for the making of Loans to the Borrower pursuant to, and upon the terms and subject to the conditions specified in, the Credit Agreement.

B. The Borrower, CPFilms and Flexsys will receive substantial benefits from the execution, delivery and performance of the obligations of the Borrower under the Credit Agreement and, therefore, the Borrower, CPFilms, Flexsys, certain other subsidiaries of the Borrower, and the Collateral Agent have entered into that certain Security Agreement, dated as of the date hereof (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement"), which Security Agreement has been given by each Grantor (and the other grantors party thereto) in favor of the Collateral Agent for the benefit of the Secured Parties to secure the payment and performance of all of the Obligations.

C. Pursuant to the Security Agreement, the Grantors are required to give this Agreement in favor of the Collateral Agent for the benefit of the Secured Parties to secure payment and performance of all of the Obligations.

NOW THEREFORE, in consideration of the foregoing and other benefits accruing to the Grantors, the receipt and sufficiency of which are hereby acknowledged, the Grantors hereby agree as follows:

SECTION 1. *Security Agreement Defined Terms.* Capitalized terms used but not otherwise defined herein that are defined in or incorporated by reference into the Security Agreement shall have the meanings given to them in, or incorporated by reference into, the Security Agreement.

SECTION 2. *Grant of Security Interest in Patent Collateral.* As collateral security for the payment and performance in full of all the Obligations, each Grantor hereby pledges and grants to the Collateral Agent, for the benefit of the Secured Parties, a lien on and security interest in and to all of the right, title and interest of such Grantor in, to and under the following property, wherever located, and whether now existing or hereafter arising or acquired from time to time (collectively, the “Patent Collateral”): all United States and foreign patents, patent applications, certificates of inventions, and industrial designs, including the United States patents, patent applications, certificates of inventions, and industrial designs listed on Schedule I hereto, together with any and all (i) rights and privileges arising under applicable law with respect to any of the foregoing, (ii) inventions and improvements described and claimed therein, (iii) reissues, divisions, continuations extensions and continuations-in-part thereof and amendments thereto, (iv) income, fees, royalties, damages, claims and payments now or hereafter due and/or payable thereunder and with respect thereto including damages and payments for past, present or future infringements or other violations thereof, (v) rights corresponding thereto throughout the world and (vi) rights to sue for past, present or future infringements or other violations thereof (collectively, “Patents”).

SECTION 3. *Security Agreement.* The liens and security interests granted pursuant to this Agreement are granted in conjunction with the liens and security interests granted to the Collateral Agent pursuant to the Security Agreement, and the Grantors hereby acknowledge and affirm that the rights and remedies of the Collateral Agent with respect to the security interest in the Patent Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

SECTION 4. *Governing Law.* **THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.**

SECTION 5. *Counterparts.* This Agreement may be executed in two or more counterparts, each of which shall constitute an original, but all of which, when taken together, shall constitute a single contract and shall become effective as of the date hereof. Delivery of an executed signature page to this Agreement by facsimile or other electronic transmission (e.g., “PDF” or “tif” via e-mail) shall be effective as delivery of a manually executed counterpart hereof.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, each Grantor hereto has duly executed this Agreement as of the day and year first above written.
