## A S S I G N M E N T

Whereas Jin Jang is the owner of title, rights, benefits, and privileges regarding certain inventions or discoveries set forth in U.S. application number 10/533,998 which application was filed on May 4, 2005 entitled PHASE TRANSITION METHOD OF AMORPHOUS MATERIAL USING CAP LAYER, by virtue of an Assignment recorded by the U.S. Patent and Trademark Office at Reel/Frame 017368/0702-0705;

Whereas, Silicon Display Technology Co., LTD., a Republic of Korea, having an address at #131 Business Incubator Center, Kyung Hee University, Heogi-dong, Dongdaemun-gu, Seoul, 130-701, Republic of Korea, and which, together with its successors and assigns, is hereinafter called "Assignee," is desirous of acquiring the title, rights, benefits and privileges hereinafter recited;

Now, therefore, for valuable consideration furnished by Assignee to me, receipt and sufficiency of which I hereby acknowledge, I hereby, without reservation:

1. Assign, transfer and convey to Assignee the entire right, title and interest in and to said '998 patent application, any and all other related U.S. patent applications on said inventions and discoveries, including all divisional, renewal, substitute, continuation, reissue and re-examination, or upon said applications, and any and all U.S. Patents, reissues, reexaminations, and extensions of Letters Patent granted from said '998 patent application, and every priority right that is or may be predicated upon or arise from said '998 patent application and any provisional applications from which priority is claimed in said '998 patent application;

2. Authorize and request the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title and interest therein or otherwise as Assignee may direct;

3. Warrant that I have not knowingly conveyed to others any right in said '998 patent application or any license to use the same or to make, use or sell anything embodying or utilizing any of said '998 patent application; and that I have good right to assign the same to Assignee without encumbrance;

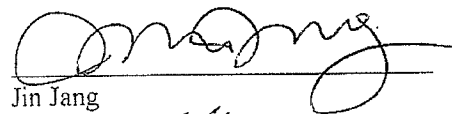

4. Bind my heirs, legal representatives and assigns, as well as myself, to do, upon Assignee's request and at Assignee's expense, but without additional consideration to me or them, all acts reasonably serving to assure that the said '998 patent application and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by me, my heirs, legal representatives and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to me relating to said inventions
