WHEREAS, I Craig Brizendine of 1125 Glen Hinson Road, Centerville, TN 37033, have invented certain new and useful improvements in a SPACER BAR (hereinafter referred to as "INVENTION") for which United States Patents, Serial No. D587,099 was issued on February 24, 2009, and

is desirous of acquiring the entire right, title and interest in and to said INVENTION and in and to any Letters Patent in the United States and its territorial possessions and in any and all foreign countries;

NOW, THEREFORE, in consideration of the sum of FIVE DOLLARS (\$5.00), the receipt of which is hereby acknowledged, and for other good and valuable consideration, I, by these presents do sell, assign and transfer unto said ASSIGNEE, the full and exclusive right to the said INVENTION in the United States and its territorial possessions and in all foreign countries and the entire right, title and interest in and to any and all Letters Patent in the United States and its territorial possessions and in any and all foreign countries and in and to any and all divisions, reissues, continuations, substitutions and renewals thereof.

I, hereby authorize and request the Patent Office Officials in the United States and its territorial possessions and any and all foreign countries to issue any and all of said Letters Patent, when granted, to said ASSIGNEE as the assignee of my entire right, title and interest in and to the same, for the sole use and benefit of said ASSIGNEE, its legal representatives, successors and assigns, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held by us had this Assignment and sale not been made.

Further, I agree that I will communicate to said ASSIGNEE or its legal representatives any facts known to me respecting said INVENTION, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, substitute, renewal and reissue applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to said ASSIGNEE, make all rightful oaths, and, generally do everything possible to aid said ASSIGNEE, its legal representatives, successors and assigns, to obtain and enforce proper protection for said INVENTION in the United States and its territorial possessions and in any and all foreign countries.
