ASSIGNMENT

WHEREAS, Lai-Shun Lin, of Tou-Chiao Industrial Zone, Taiwan, Assignor, has invented a new, original, and ornamental design for CAR JACK, for which an application for United States Letter Patent was filed on January 12, 2009 and assigned Serial No. 29/330,672; and

WHEREAS, Assignor believe himself to be the original, and first inventor of the invention disclosed and claimed in the application for Letter Patent; and

WHEREAS, Test Rite Products Corp., a California corporation, having a place of business at 1900 Burgundy Place, Ontario, California 91761, Assignee, desires to acquire by formal, recordable assignment the entire right, title and interest in and to the invention, the application, and any Letters Patent that might be granted for the invention in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee the entire right, title and interest in and to the invention, the application, and any Letters Patent that might be granted for the invention in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, they and his legal representatives and other assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that might be necessary or desirable for issuing, sustaining, reissuing or enforcing Letter Patent in the United

Assignor represents and warrants that they have not granted and will not grant to others any rights inconsistent with the rights granted by this Assignment.

Assignor authorizes and requests the Commissioner of Patents and Trademarks for the United States and of all foreign countries to issue any Letters Patent granted for the invention, whether on the application or any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest of the invention.
