ASSIGNMENT OF INVENTION

Title of Invention: CEMENT BASED LAMINTED ARMOR PANELS

Inventor(s): Timothy D. Tonyan et. al.

*Application Serial No.: 12/394,396

*Date Oath Executed: *Filing Date: February 27, 2009

(*Data not known at execution may be added for better identification.)

I (We), the undersigned inventor(s), in consideration of the rights of the United States of America acquired by virtue of the circumstances under which the above-entitled invention was made, hereby:

1. Assign to the United States of America, as represented by the Secretary of the Army (hereinafter the United States Government), the entire right, title and interest throughout the United States, its Territories, Possessions, and Puerto Rico, in and to the above-entitled invention and application for patent and all Letters Patent issuing thereon, and any continuation, continuation-in-part or division of said application and any reissue or extension of said Letters Patent, as well as the entire right, title and interest in the corresponding patent applications in the Patent Cooperation Treaty, Chile and the Gulf Cooperation Council (GCC).

2. Agree to assign to the United States Government upon its request, title and interest in the invention in those foreign countries in which the United States Government, within eight months of the filing of the United States application for patent, determines to cause an application to be filed; provided that if the United States Government determines not to cause an application to be filed in any particular foreign country or fails to make such a determination, within the said eight months, all right, title and interest in the invention in such foreign country shall remain in me (us), subject to a nonexclusive, irrevocable, royalty-free license to the United States Government in any patent which may issue on the invention in such foreign country, including the power to issue sublicenses for use in behalf of the United States Government and/or furtherance of the foreign policies of the United States Government.

3. Agree to provide any further information within my (our) knowledge and to execute any further documents necessary to the prosecution of patent applications on the invention, the prosecution and settlement of interferences and recording of title to patent applications and patents issuing thereon.
