INTELLECTUAL PROPERTY ASSIGNMENT

WHEREAS, ABBOTT LABORATORIES, a corporation organized and existing under the laws of the State of Illinois, having a business address of 100 Abbott Park Road, Abbott Park, Illinois 60064-3500 (hereinafter referred to as "ASSIGNOR"), owns, holds or otherwise controls the rights, title and interest in and to the patents and patent applications identified in the attached Schedule A and the inventions and improvements described therein; and

WHEREAS, ABBOTT CARDIOVASCULAR SYSTEMS INC., a corporation organized and existing under the laws of the State of Delaware, having a business address of 3200 Lakeside Drive, Santa Clara, California 95054 (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring all of ASSIGNOR's rights, title, and interest in and to the patents and patent applications identified in Schedule A and the inventions and improvements described therein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, said ASSIGNOR, as of October 2, 2006 ("EFFECTIVE DATE"), hereby sells, assigns, transfers, and sets over unto the said ASSIGNEE, its successors, and assigns, the full and exclusive right, title, and interest to the patents and patent applications identified in Schedule A and the inventions and improvements described therein and any similar legal protection, not only in the United States and its territorial possessions, but in all countries foreign thereto to be obtained for or based upon said patents or patent applications, and to any continuation, continuation-in-part, division, renewal, substitute, or reissue thereof, any patent or application claiming priority from at least one of said patents or patent applications, and any legal equivalent thereof in the United States or a foreign country for the full term or terms for which the same may be granted, including all priority rights under the International Convention, together with all income, royalties, damages, or payments due or payable as of the EFFECTIVE DATE or thereafter, including, without limitation, all claims for damages by reason of past, present, or future infringement, or other unauthorized use of the patents or patent applications, with the right to sue for and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives; ASSIGNOR agrees that said ASSIGNEE may apply for and receive a patent or patents for said inventions and improvements in its own name; and that, when requested, without charge to, but at the expense of, said ASSIGNEE, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all provisional, design, utility, divisional, continuing, continuation-in-part, substitute, renewal, reissue, and all other patent applications on any and all said inventions and improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said ASSIGNEE, its successors, assigns, and legal representatives all facts known to the undersigned relating to said inventions and improvements and the history thereof; and generally assist said ASSIGNEE, its successors, assigns, or legal representatives in securing and maintaining proper patent protection for said inventions and improvements and for vesting title to said inventions and improvements, and all applications for patents and all patents on said inventions and improvements, in said ASSIGNEE, its successors, assigns and legal representatives; and

ASSIGNOR authorizes and requests the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents or any legal equivalent thereof, to issue said patents to ASSIGNEE, its successors, and assigns, in accordance with this Intellectual Property Assignment.

ASSIGNOR hereby covenants said ASSIGNEE, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, sale, other agreement, or encumbrance affecting the rights and property herein conveyed has been or will be made or entered into that would conflict with this Intellectual Property Assignment;

ASSIGNOR further covenants that ASSIGNEE will, upon its request, be provided promptly with all pertinent facts and documents relating to said patents, patent applications and legal equivalents as may be known and accessible to ASSIGNOR and will testify as to the same in any interference or litigation related thereto and will promptly execute and deliver to ASSIGNEE or its legal representative any and all papers, instruments, or affidavits required to apply for, obtain, maintain, issue, and enforce said patents, patent applications and said equivalents in the United States or in any foreign country, which may be necessary or desirable to carry out the purposes thereof.
