ASSIGNMENT

In consideration of 0.25 € and other good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, the undersigned hereby assigns to

Stichting IMEC Nederland
High Tech Campus 31
5656 AE Eindhoven, The Netherlands

and to its successors and assigns, the entire right, title and interest in the invention of the undersigned disclosed in an application for United States Patent, entitled:

SYSTEM AND METHOD FOR RESONANCE FREQUENCY TUNING OF RESONANT DEVICES

application no. 12/420,045 filed on April 7, 2009, and identified as Attorney Docket No. 08-423-US in the offices of McDonnell Boehnen Hulbert & Berghoff LLP.

The undersigned assigns the entire right, title and interest in: (a) this application and any and all other applications, both United States and foreign, that the undersigned may file, either solely or jointly with others, on the invention or improvements thereof, (b) any and all patents, whether United States or foreign, that may be obtained on the applications, (c) any reissue or extension of the patents, and (d) the priority right provided by the International Convention.

The undersigned hereby authorizes and requests the Commissioner of Patents and Trademarks to issue the United States Patent to the assignee.

The undersigned warrant that: (a) they are the owners of the entire right, title and interest in the invention and in any improvements thereof, (b) they have the right to make this assignment, and (c) there are no outstanding prior assignments, licenses, or other encumbrances on the interests herein assigned.

The undersigned authorize the assignee to apply for patents for the invention and any improvements thereof in the assignee's own name in such countries where this procedure is proper.

The undersigned agree, upon the request and at the expense of the assignee, its successors and assigns: (a) to execute any and all original, divisional, continuation and substitute applications for the invention and any improvements thereof, (b) to execute any necessary oath, affidavit or declaration relating to the applications, (c) to execute any application for the reissue or extension of any patent that may be granted upon the application, and (d) to execute any and all applications and other documents for a patent in foreign countries on the invention or any improvements thereof that the assignee, its successors or assigns may deem necessary or expedient.

The undersigned agree, upon the request and at the expense of the assignee, its successors and assigns, to cooperate to the best of his ability with the assignee, its successors and assigns, in any proceedings or transactions involving the applications or patents, including: (a) preparing and executing of preliminary statements, (b) giving and producing evidence, (c) performing any and all other acts necessary to obtain, maintain and enforce the patents to the full end of their terms, and (d) performing any and all other acts necessary to vest in the assignee, its successors and assigns all such rights in the applications and patents as would have been held and enjoyed by the undersigned if this assignment had not been made.
