ASSIGNMENT

WHEREAS, Vaclav Vetvicka (hereinafter designated as the undersigned) has invented certain new and useful improvements in METHODS FOR TARGETED CANCER TREATMENT AND DETECTION for which an International Application under the Patent Cooperation Treaty was filed on June 16, 2009 and assigned International Application Number PCT/US09/47504; and

WHEREAS, at such time as the undersigned made the invention, he was under an obligation to assign rights to University of Louisville Research Foundation, Inc. with an address at MedCenter Three, 201 East Jefferson, Suite 215, Louisville, Kentucky 40202.

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned has sold, assigned, and transferred, and by these presents does sell, assign, and transfer unto University of Louisville Research Foundation, Inc., its heirs, successors, legal representatives and assigns (hereinafter designated as the Assignee) the entire right, title, and interest of the undersigned in and to said invention and in and to any Letters Patent(s) that may be granted therefor in the United States of America, its territories, dependencies, and possessions, and in any and all foreign countries; and to any and all utility applications claiming priority thereto and any and all divisions, reissues, continuations, continuation-in-parts, conversions, and extensions thereof for the full term or terms for which the same may be granted.

The undersigned agrees to execute all papers necessary in connection with this application and any continuing, divisional, conversion, or reissue applications thereof and also to execute

separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

The undersigned agrees to execute all papers necessary in connection with any interference which may be declared concerning this application or continuation, division, conversion, or reissue thereof or Letter Patent(s) or reissue patent issued thereon and to cooperate with the Assignee in every way possible in obtaining and producing evidence and proceeding with such interference.

The undersigned agrees to execute all papers and documents and to perform any act which may be necessary in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar agreements.

The undersigned agrees to perform all affirmative acts which may be necessary to obtain a grant of a valid United States of America patent(s) or a grant of a valid United States of America and any foreign patent(s) to the Assignee and to vest all rights therein hereby conveyed to said Assignee as fully and entirely as the same would have been held by the undersigned if this Assignment and sale had not been made.

The undersigned hereby authorizes and requests the Patent and Trademark Office Officials in the United States of America and in any foreign countries to issue any and all Letters Patents resulting from said application or any continuing, divisional, conversion, or reissue applications thereof to the said Assignee, as Assignee of the entire interest, and hereby covenants that he has not executed, and will not execute, any agreement in conflict herewith.

The undersigned hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment.

IN WITNESS WHEREOF, executed by the undersigned on the date opposite the undersigned name.
