ASSIGNMENT

For One Dollar (\$1.00) and other good and valuable consideration, receipt of which is hereby acknowledged, we the undersigned

Robert Dwayne Litt
728 Collinwood Drive
Westerville, Ohio 43081

Wayne W. Simmons
8870 Tartan Fields Drive
Dublin, Ohio 43017

hereby sell, transfer and assign to Velocys, Inc., a corporation of Delaware having a place of business at 7950 Corporate Boulevard, Plain City, Ohio 43064 USA, its successors and assigns, the entire right, title and interest, so far as concerns the United States and the Territories and Possessions thereof and all foreign countries, in and to the inventions in

PROCESS AND APPARATUS FOR CONVERTING NATURAL GAS TO HIGHER MOLECULAR WEIGHT HYDROCARBONS USING MICROCHANNEL PROCESS TECHNOLOGY

set forth in U.S. Patent Application Serial No. 12/016,250 filed January 18, 2008, and International Application Serial No. PCT/US08/51382 filed January 18, 2008, said application for United States Letters Patent, any and all other applications for Letters Patent on said inventions in the United States and countries foreign to the United States, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or upon said applications, and any and all Letters Patent and reissues and extensions of Letters Patent granted for said inventions or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said applications and said Letters Patent; said assignee being hereby authorized to file patent applications in any or all countries on any or all said inventions in the name of the undersigned or in the name of said assignee or otherwise as said assignee may deem advisable, under the International Convention or otherwise; the Commissioner of Patents of the United States of America and the empowered officials of all other governments being hereby authorized to issue or transfer all said Letters Patent to said assignee in accordance herewith; this assignment being under covenant, not only that full power to make the same is had by the undersigned, but also that such assigned right is not encumbered by any grant, license, or other right heretofore given, and that the undersigned will do all acts reasonably serving to assure that the said inventions, patent applications and Letters Patent shall be held and enjoyed by said assignee as fully and entirely as the same could have been held and enjoyed by the undersigned if this assignment had not been made, and particularly to execute and deliver to said assignee all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, and lawful affidavits

in form and substance which may be requested by said assignee, to furnish said assignee with all facts relating to said inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be useful for establishing the facts of conception, disclosure and reduction to practice of said inventions, and to testify in any proceedings relating to said inventions, patent applications and Letters Patent.

I authorize the patent attorney of record and/or having power of attorney in the U.S. patent application identified above to insert the serial number and filing date information for the patent application in the appropriate spaces in this assignment document when that information becomes available.
