ASSIGNMENT

WHEREAS, GKSS-Forschungszentrum Geesthacht GmbH (hereinafter referred to as "Assignor") has been assigned the rights in U.S. Patent Application No. 12/169,181, filed July 9, 2008 (hereinafter referred to as the "Assigned Patent Application") by way of assignment from the inventors Detlev Fritsch, Serge Vetter, Suzana Nunes, Luis Sansores, and Mikhail Zolotukhin of their inventions disclosed in the Assigned Patent Application (hereinafter referred to as "the Inventions"), such assignment having been recorded in the United States Patent and Trademark Office on September 11, 2008 at reel 021512, frame 0963; and

WHEREAS, National Autonomous University of Mexico (hereinafter together with its successors and assigns referred to as "Assignee"), a public University of New Mexico, having a place of business at 04510. Apartado Postal 70-360, Mexico, is desirous of obtaining an undivided, forty percent (40%) part of the whole right, title and interest in, to and under said invention(s) and said application; and

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency of which Assignor hereby acknowledges, Assignor has sold, assigned, transferred and set over, and by these presents hereby sells, assigns, transfers and set over to the Assignee said undivided, forty percent (40%) part of the whole right, title and interest in, to and under said invention(s) and said application, including the right to jointly apply for any Letters Patent of the United States of America and in any and all foreign countries on said invention(s), and any and all other applications for Letters Patent on said invention(s), in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said invention(s) or upon said application, and to jointly hold under said undivided, forty percent (40%) part of any and all Letters Patent which may issue thereon in the United States and foreign countries, and any and all reissues, extensions, renewals, divisions, continuations or continuations-in-part of Letters Patent granted for said invention(s) or upon said applications, to the full term or terms for which said Letters Patent may be issued, and every priority right that is or may be predicated upon or arise from said invention(s), said application and said Letters Patent, the same to be held and enjoyed by the Assignee for its own use and benefit in accordance with said undivided, forty percent (40%) part as if the same would have been held and enjoyed jointly by Assignor had this Assignment not been made. Assignor hereby authorize the Assignee to jointly file patent applications in any and all countries on any or all of said invention(s) in its name and Assignee's name, or otherwise as the Assignee may deem advisable, under the International Convention or otherwise.

Assignor authorizes the Commissioner of Patents and Trademarks of the United States, and any official of any other country empowered to issue patents, to record this Assignment, and to issue or transfer all said Letters Patent on said invention(s) jointly to the Assignor and Assignee as joint owners of all right, title and interest therein, in accordance with the terms of this Assignment.

Assignor represents and warrant that Assignor has the full right to convey said undivided, forty percent (40%) part of the whole right and interest herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that Assignor will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

Assignor hereby covenant and agree that Assignor will, upon request of the Assignee, communicate to the Assignee any facts known to it relating to said invention(s) and the history thereof, testify in any legal proceeding, execute all lawful papers including without limitation all divisional, continuing and reissue applications and all rightful oaths and declarations, and generally do all further acts which may be deemed necessary by the Assignee to obtain and enforce proper patent protection for said invention(s) in all countries.

IN TESTIMONY WHEREOF, Assignor has caused this document to be executed by its duly authorized officer on the date indicated below.
