ASSIGNMENT

Whereas MTI MicroFuel Cells, Inc., a Delaware corporation, having a principal place of business at 431 Karner Road, Albany, New York, 12205, hereinafter called "Assignor," is the owner of certain inventions or discoveries (or both) set forth in the applications for, and Letters Patent of, the United States of America No. 7,531,013, entitled FUEL FORMULATION FOR DIRECT METHANOL FUEL CELL, which issued on May 12, 2009; and

Whereas Procter & Gamble Company, a Delaware corporation, having a principal place of business at Winton Hill Technical Center, 6110 Center Hill Avenue, Box 161, Cincinnati, OH, 45224, and which, together with its successors and assigns, is hereinafter called "Assignee," is desirous of acquiring the title, rights, benefits, and privileges hereinafter recited;

Now, therefore, for valuable consideration furnished by Assignee to Assignor, receipt and sufficiency of which is hereby acknowledge, Assignor hereby, without reservation:

1. Assigns, transfers and conveys to Assignee the entire right, title, and interest in and to said inventions and discoveries, said application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part, and Convention applications based in whole or in part upon said inventions or discoveries, or upon said applications, and any and all Letters Patent, reissues, reexaminations, and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications, and said Letters Patent;
2. Authorizes Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;
3. Authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct;
4. Warrant that it has not knowingly conveyed to others any right in said inventions, discoveries, applications, or patents or any license to use the same or to make, use, or sell anything embodying or utilizing any of said inventions or discoveries; and that Assignor has good right to assign the same to Assignee without encumbrance;
5. Binds Assignor's heirs, legal representatives and assigns, as well as Assignor, to do, upon Assignee's request and at Assignee's expense, but without additional consideration to Assignor, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications, and the said Letters Patent shall

be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by Assignor, its heirs, legal representatives, and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to Assignor relating to said inventions and discoveries or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples, and other physical exhibits in Assignor's control or in the control of Assignor's heirs, legal representatives or assigns which may be useful for establishing the facts of conceptions, disclosures, and reduction to practice of said inventions and discoveries.

In testimony of which Assignor has executed this Assignment as an instrument under seal on the date indicated below.
