PATENT ASSIGNMENT

This PATENT ASSIGNMENT (the "Assignment") is made by *Borderware Technologies Inc., a corporation under the laws of Canada, having a principal place of business at 50 Burnhamthorpe Road, West, Suite 502, Mississauga, Ontario L5B 3C2, Canada* ("Assignor") to *WatchGuard Technologies, Inc., a corporation under the laws of the State of Washington* ("Assignee").

WHEREAS, Assignor is the owner of the entire right, title and interest in and to inventions, embodiments of which are described in the United States, PCT, Canadian and European patents and patent applications listed in Schedule A appended hereto (the "Inventions");

AND WHEREAS, Assignee desires to acquire the entire right, title and interest in and to the Inventions and to the embodiments described in the patents and patent applications listed in Schedule A, and in the case of patent applications, to any and all patents that may be granted and issued based on such applications.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor HEREBY HAS ASSIGNED AND DOES ASSIGN TO THE ASSIGNEE:

The entire right, title and interest in the United States, PCT, Canadian and European patents and patent applications listed in Schedule A appended hereto, including the entire right, title and interest in all divisions, continuations and continuations-in-part of the United States, PCT, Canadian and European patents and patent applications listed in Schedule A, in any reissues or extensions of Letters Patent or Patents granted thereon, in all corresponding applications filed in countries foreign to the United States and in all patents issuing thereon in the United States and in foreign countries; and

The right to file foreign patent applications on the Inventions in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for the Protection of Industrial Property for such applications.

Assignor authorizes and requests the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on the Inventions to the Assignee as the owner of the entire interest, for the sole use and benefit of the Assignee, its successors, assigns and legal representatives.

Assignor will, without further consideration and without expense to Assignee, sign all lawful papers and perform all other lawful acts which the Assignee may request of Assignor to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on the Inventions, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications; and

Cooperation to the best of Assignor's ability in the execution of all lawful documents, the production of evidence or testimony, nullification, reissue, reexamination, interference, extension, or infringement proceedings and any and all pre- and post-grant proceedings be they domestic or foreign involving the Inventions.

The terms and conditions of this Assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignor, its successors, heirs, assigns and other legal representatives.

IN TESTIMONY WHEREOF, Assignor has caused this Assignment to be executed by its duly authorized officer this 30th day of July, 2009.
