Title: HYPER-SURFACE WIND GENERATOR

Filed: August 6, 2008

U.S. Patent Application No.: 12/222,272

AND WHEREAS, Infinite Wind Energy LLC, having a place of business at 1050 Slocum Ave., #F, Ridgefield, NJ 07657 (hereafter, together with any successors, legal representatives or assigns thereof, called "Assignee"), wants to acquire the entire right, title and interest in and to said improvements, any patent applications which may be filed thereon, and any patents which may be granted thereon;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Inventor has sold, assigned, transferred and set over, and does hereby sell, assign, transfer and set over to Assignee his entire right, title and interest in and to said improvements and said applications, including: all divisions, substitutions, continuations and continuations-in-part of such applications; all United States patents which may be granted thereon and all reissues and extensions thereof; all priority rights under the International Convention for the Protection of Industrial Property for every member country; all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said improvements in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said improvements in any foreign countries. Inventor hereby authorizes and requests the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said improvements to Assignee in accordance with the terms of this assignment.

Inventor hereby covenants that he has the full right to convey the entire interest herein assigned, and that he has not executed, and will not execute, an agreement in conflict herewith.

Inventor hereby further covenants and agrees that he will communicate to Assignee any facts known to him respecting said improvements, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitute and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said improvements in all countries.

IN WITNESS WHEREOF, the parties hereto have executed this agreement.

I declare under penalty of perjury that the foregoing is true and correct.
