In consideration for the payment described herein Assignor hereby assigns to Assignee the inventions and trade secrets more particularly described herein, including all rights to file for and prosecute all patent applications worldwide (the "Rights").

The Assignee shall have the right to register the Rights in its name as the owner thereof. The Assignor irrevocably appoints the Assignee, or in the alternative, its president, as its attorney, with full power of substitution, to execute such further and other documents as may be necessary or appropriate to give effect to the within assignment and any registration or notice of such assignment, or of the Rights so assigned.

In consideration of the assignment described above Assignee has paid the Assignor the sum of \$10.00, the receipt and sufficiency of which is acknowledged. This shall be the only amount paid to Assignor.

The assignment shall take effect forthwith without further formality by the execution and delivery hereof.

Assignor agrees from time to time to execute and deliver all such further documents and instruments (including instruments of conveyance) and do all acts and things as Assignee may reasonably require to effectively carry out or better evidence or perfect the full intent and meaning of this Agreement.

Assignor warrants that Assignor has the legal right to assign the Rights and that the said

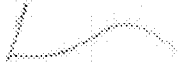

assignment does not infringe any third parties' rights. Assignor warrants that there are no pending lawsuits concerning any aspect of the Rights and that there has been no action taken or inaction or publication that could cause Assignee to lose any of its Rights or any intellectual property protection.

This agreement shall inure to the benefit of and bind the parties, and their respective heirs, executors, administrators, successors, and assigns.

IN WITNESS WHEREOF the parties have caused these presents to be executed as of the 25th day of July, 2003 by their duly authorized signing officers.
