## INTELLECTUAL PROPERTY ASSIGNMENT

WHEREAS Boydston Metal Works Inc., an Oregon corporation, (hereinafter “**Assignor**”) owns and/or has used in its business certain intellectual property, including all related goodwill (hereinafter “**Intellectual Property**”);

WHEREAS Assignor owns the inventions identified in **EXHIBIT A** herein (hereinafter “**Inventions**”), and the related issued patents and patent applications identified in **EXHIBIT B** herein (hereinafter the “**Patents**”); and

WHEREAS Toyota Motor Credit Corporation, a California corporation (“**Assignee**”) desires to acquire by formal, recordable assignment the entire right, title and interest in and to the Inventions, the Patents, and any United States Patent that may be granted for the Inventions in the United States and throughout the world; and

WHEREAS Assignor owns all right, title and interest in and to, and has used in its business the trade/service mark BOYDSTUN (hereinafter “**Mark**”); and

WHEREAS Assignor has built up valuable goodwill in and to the Mark, and is the owner of all common law rights in and to the same; and

WHEREAS Assignee desires to acquire all rights to the Intellectual Property, including the Inventions, the Patents, and the Mark, including all goodwill related to any such Intellectual Property (including the goodwill symbolized by the Mark); and

WHEREAS the Assignor agrees to execute any and all documents necessary to protect the Assignee’s claim of right in and to the Intellectual Property; and

AND WHEREAS, Assignor and Assignee have executed a certain Bill of Sale, with an effective date concurrently herewith which provides for this Intellectual Property Assignment; and

WHEREAS the parties desire to memorialize the assignment of the Intellectual Property, including the Inventions, Patents, and Mark together with the goodwill of the business symbolized therein and all common law rights relating thereto, and all rights to recover for past infringement.

NOW, THEREFORE, pursuant to said Bill of Sale for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee all right title and interest in and to the Mark, together with the goodwill symbolized by the Mark, all common law rights relating thereto; all right, title and interest in and to the Inventions, the Patents, and any Letters Patent that may be granted for said inventions in the United States and throughout the world, and all applications, divisions, substitutions, continuations and continuations-in-part thereof, and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said

improvements in any foreign countries, and all patents (including all extensions, renewals and reissues thereof) granted for said improvements in any foreign countries, including the right to file foreign applications directly in the name of the Assignee.

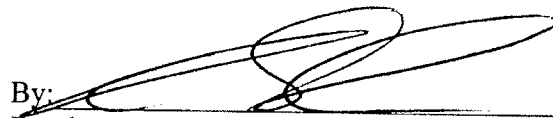

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, it and its legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing Letters Patent in the United States and throughout the world for the Inventions, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to the Inventions, the Patents, and any Letters Patent granted for said Inventions in the United States and throughout the world.

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for the Inventions, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.
