WHEREAS, the United States Government is entitled to certain rights in and to said invention and application by reason of the terms of such support; and

WHEREAS, THE SALK INSTITUTE FOR BIOLOGICAL STUDIES, hereinafter called the "Licensor" has acquired, by assignment from the inventor, the entire right, title and interest of the inventor to such invention.

NOW, THEREFORE

1. The Licensor in consideration of the premises and other good and valuable considerations, hereby grants and conveys to the United States Government, as represented by The Department of Health and Human Services, a royalty-free, nontransferable, non-exclusive and irrevocable license, including the power to grant sublicenses, to make and use and sell for any governmental purposes, and on behalf of any foreign government pursuant to any existing or future treaty or agreement with the United States of America, embodiments of the invention described in the aforesaid application and in any and all divisions, continuations and continuations-in-part thereof, and in any and all patents which may be granted thereon, and in any and all reissues thereof, during the full term or terms thereof, and in any and all foreign counterpart applications and any and all patents which might be granted upon such foreign counterpart applications.

2. The Licensor covenants and warrants that he has the right to grant the foregoing License, and that any assignment which he may make of the invention or the said patent applications or patents thereon, shall expressly be made subject to this License.

3. It is understood that principal rights to such invention will remain with the Licensor subject to the provisions of 37 CFR 401 and 45 CFR 8.
