**WORLDWIDE ASSIGNMENT OF PATENTS, PATENT APPLICATIONS,
INVENTIONS AND INDUSTRIAL DESIGNS**

WHEREAS, **6287 Holdings Inc.**, a corporation amalgamated under the laws of Ontario, Canada, with its principal place of business located at 12 Robinwood Ave., Toronto, Ontario, Canada M5P 1X7, (hereinafter referred to as "6287 Holdings") is the owner of the inventions and patents and applications therefor, and the industrial designs and applications and registrations therefor, identified in Schedule "A" attached hereto;

WHEREAS, **Integral Orthopedics Inc.**, a corporation organized and existing under the laws of Ontario, Canada, with its principal place of business located at 125 Tycos Drive, Toronto, Ontario, Canada M6B 1W6 (hereinafter referred to as "Integral Orthopedics") is desirous of acquiring the whole right, title and interest in and to the said patents and said applications, and the invention or inventions described therein, and to said industrial designs and applications and registrations therefor, and in and to any patents or registrations that may be obtained therefor in the United States of America, Canada, and all other countries and jurisdictions of the world;

NOW, THEREFORE, Be It Known, that in consideration of \$1.00 (One Canadian dollar) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the undersigned, 6287 Holdings hereby sells, assigns and transfers to said Integral Orthopedics, all its right, title and interest, in the United States of America, Canada, and all other countries and jurisdictions throughout the world, in and to said applications, patents, registrations, and the invention or inventions and industrial design or industrial designs described, disclosed and claimed therein, and in and to all applications therefor, including any

divisional or continuation applications, whether presently pending or filed in the future, and registrations therefor, including its corresponding right to claim priority in any country or jurisdiction, including all its corresponding right, title and interest in and to any patents and registrations which may issue therefrom, including all reissues, renewals and extensions thereof, and including all right to sue for past infringement thereunder, all the said patents and registrations to be held and enjoyed by the said Integral Orthopedics to the full end of the term for which the said patents and registrations are granted, as fully and entirely as the said patents and registrations could have been held and enjoyed by the said 6287 Holdings if this assignment had not been made;

And 6287 Holdings hereby covenants and agrees to execute and deliver any and all papers that may be necessary or desirable to perfect the title to these inventions, designs, applications, registrations and patents in said Integral Orthopedics, its successors or assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything as is deemed reasonably necessary to aid Integral Orthopedics, its successors and assigns, to obtain and enforce proper protection for these inventions, designs, applications, registrations and patents in Canada, the United States and all other countries and jurisdictions throughout the world, it being understood that any incidental expense associated with these activities shall be borne by the Integral Orthopedics, its successors and assigns.

The Patent Offices in all countries and jurisdictions are hereby authorized and requested that all the interest of 6287 Holdings to any and all Letters Patent or other registrations for said inventions and designs be issued to said Integral Orthopedics, its successors, assigns and legal representatives, or to such nominees as it may designate in accordance with this agreement;

And 6287 Holdings hereby covenants that it has the full right to convey the interest assigned by this assignment, and has not executed and will not execute any agreement in conflict with this assignment.

And 6287 Holdings and Integral Orthopedics hereby authorize Integral Orthopedics' counsel to correct clerical errors in this assignment, or to insert any further identification or other information necessary or desirable to make this assignment suitable for recordal in any Patent Office.
