ASSIGNMENT OF PATENT APPLICATION

WHEREAS, we, **Robert M. Williams, Albert Bowers, Tenaya Newkirk, and Ann E. Youngman** have invented certain new and useful technologies, as detailed in the invention disclosure **CSU-08-074**, now entitled "**Method for Preparing Largazole Analogs and Uses Thereof**" for which an application for United States Letters Patent was filed on **July 16, 2009**, as Application Serial No. **12/504,508**, in the course of research at Colorado State University ("CSU").

WHEREAS, Colorado State University has assigned ownership of Intellectual Property to Colorado State University Research Foundation, a non-profit Colorado Corporation affiliated with Colorado State University, having its principal place of business at business P.O. Box 483, Fort Collins, CO 80522 (hereinafter referred to "CSURF") for the purpose of commercialization;

WHEREAS, CSURF has the power and ability to protect Intellectual Property via patent applications, letters patent, trademarks, servicemarks, and copyrights that may be granted or registered in the United States and foreign countries; and

NOW THEREFORE, we, the undersigned, each have agreed and hereby agree to assign to **Colorado State University Research Foundation** (hereinafter Assignee), for good and valuable consideration, receipt of which is hereby acknowledged, and do hereby sell, assign and transfer to Assignee, its successors and assigns, the entire right, title and interest, including the right of priority, in, to and under invention disclosure **CSU-08-074** and an application for Patent of the United States entitled: "**Method for Preparing Largazole Analogs and Uses Thereof**", filed **July 16, 2009**, assigned application number **12/504,508**, and the invention(s) and improvement(s) set forth therein, and any and all continuations, continuations-in-part (C-I-P's), divisionals, and renewals of and substitutes for said application(s) for said Patent, and any and all Patent(s) of the United States and of countries foreign thereto which may be granted thereon or therefore; and any reissues, or reexaminations, or extensions of said Patent(s); and any and all trademarks, servicemarks, and copyrights that may issue or be registered, or rights which may be assumed, from the Intellectual Property in the United States or in a foreign country ("Intellectual Property").

CSURF shall hold such rights in the Intellectual Property for its own use and behalf, for CSU, and for their successors, legal representatives and assigns, to the full end of the term for which letters patent, trademarks, servicemarks, and copyrights may be granted.
