DEED OF ASSIGNMENT OF PATENTS

DEED dated 17 September 2009

BETWEEN **THE UNIVERSITY OF WESTERN AUSTRALIA**
of Nedlands, WA, 6907, Australia
("Assignor")

AND BIOPHARMICA LIMITED
of 14 View Street, North Perth, WA, 6006, Australia
("Assignee")

RECITALS

- A. The Assignor is owner of International Patent Application No PCT/AU00/01439 as well as the National Phase patent applications stemming therefrom as shown in Schedule 1 (the "Applications").
- B. The Assignor has acquired and developed part of the know-how (the "Know-how") with respect to the inventions (the "Inventions") which are the subject of the Applications.
- C. The Assignor has agreed to assign to the Assignee its interest in the Applications, Invention and Know-how, including the right to apply for and obtain corresponding letters patent in any country in the world.

AGREEMENT

1. Assignment

The Assignor assigns to the Assignee the Assignor's interest in the Applications, Know-how and Inventions including:

- (a) the right to apply for letters patent for the Invention;
- (b) all benefits arising from the Applications and any letters patent granted in relation to them; and
- (c) the right to apply for and obtain corresponding letters patent in any country in the world.

2. Warranties

The Assignor warrants that:

- (a) neither the execution of this deed nor the performance by the Assignor of its obligations will cause the Assignor to be in breach of any agreement to which it is a party;
- (b) it is entitled to make the Applications;
- (c) the Application is at present subsisting;
- (d) it has not assigned, licensed or otherwise encumbered, in any manner, the Applications, Know-how or Invention;
- (e) the exploitation by the Assignee of the Applications, Know-how and Invention will not infringe any rights of another person;
- (f) it is not aware of any fact which may result in the Applications being declared invalid; and
- (g) it is not aware of any fact which may result in the Applications being rejected.

3. *Confidential Information*

The Assignor must hold all Know-how and information relating to the Applications and Invention which is not generally available to the public in strict confidence unless and until that Know-how or information comes into the public domain otherwise than by disclosure by the Assignor in breach of this deed.

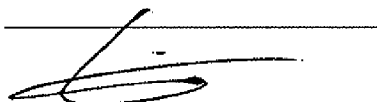

4. *Further Assistance*

The Assignor must provide to the Assignee such further assistance as is reasonably requested by the Assignee to facilitate:

- (a) the granting of letters patent on the Applications and on such other applications by the Assignee for letters patent for the Invention;
- (b) the protection of the Know-how;
- (c) the recording of the Assignee as the registered owner of rights assigned under this deed.
