EXECUTION VERSION

PATENT ASSIGNMENT

PATENT ASSIGNMENT, dated as of January 10, 2006, made by Space Imaging LLC, a Delaware limited liability company ("Assignor"), in favor of ORBIMAGE SI Opco Inc., a Delaware corporation ("Assignee").

WHEREAS Assignor is the owner of the patents and applications listed on Schedule 1 attached hereto (the "Patents");

WHEREAS, OrbImage Holdings, Inc. and OrbImage, Inc. (collectively, "OI") and Assignor are parties to an Asset Purchase Agreement dated as of September 15, 2005 (as amended, modified or supplemented from time to time, the "Asset Purchase Agreement");

WHEREAS, under Section 10.7 of the Asset Purchase Agreement, OI may assign any of its rights and obligations thereunder to an Affiliate, provided that OI remains obligated for the performance of all its obligations under the Asset Purchase Agreement;

WHEREAS, OI has effected an assignment of its rights and obligations to Assignee, subject to OI's continuing obligation to perform all of its obligations under the Asset Purchase Agreement; and

WHEREAS, in connection with the Asset Purchase Agreement, Assignor assigned, sold, transferred, and otherwise conveyed all of Assignor's right, title and interest in and to the Patents to Assignee;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby confirms the sale, transfer, assignment and conveyance pursuant to the Asset Purchase Agreement of, and hereby additionally sells, transfers, assigns, and otherwise conveys to Assignee, its successors and assigns, all of Assignor's right, title, and interest in, to, and under the following on an as-is, where is basis:

1. the Patents for the territory of the United States of America, and for all foreign countries (as may be applicable), including without limitation, any divisionals, continuations, continuations-in-part, substitutions, reissues, reexaminations, extensions or renewals which may be obtained; and
2. all proceeds of the foregoing, including, without limitation, any claim by Assignor against third parties for, or any profits arising from, past, present, or future infringement of the Patents or violations of licenses of the Patents.

Assignor further agrees that Assignor will, without further consideration, (a) cooperate with Assignee in the prosecution of all United States and foreign patent

applications based on the Patents, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer that may be reasonably necessary to further the purposes of the Asset Purchase Agreement and (c) perform such other acts as Assignee lawfully may request to help Assignee obtain, maintain, defend or enforce the Patents in all countries and to vest title thereto in Assignee.

In the event that Assignee is unable for any reason to secure Assignor's signature to any document that it is entitled to under the preceding paragraph, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents as Assignor's agents and attorney-in-fact to act for and on behalf and instead of Assignor, to execute and file any such document and to do all other lawfully permitted acts to further the purposes of the foregoing paragraph with the same legal force and effect as if executed by Assignor.
