ASSIGNMENT

For valuable consideration, we, Sridhar G. Iyengar, of Somerville, MA and Ian S. Harding of Cambridge, MA, hereby assign to AgaMatrix, Inc., a Delaware corporation having a place of business at 411 Massachusetts Avenue, Cambridge, MA, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest, including, without limitation, the right to sue for past infringement, throughout the world in the inventions and improvements, which are the subject of provisional application entitled METHOD AND APPARATUS FOR ASSAY OF ELECTROCHEMICAL PROPERTIES, filed February 10, 2002, and assigned serial number 60/355,866; this assignment including said application, any and all United States and foreign patents, utility models, and design registrations granted or filed for any of said inventions or improvements, including, but not limited to, PCT application entitled METHOD AND APPARATUS FOR ASSAY OF ELECTROCHEMICAL PROPERTIES, filed February 10, 2003, and assigned International application number PCT/US03/04024. This assignment includes the right to claim priority based on the filing date of said provisional application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in our name or in its own name for patents, utility models, and design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and we agree for ourselves and our respective heirs, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this assignment.
