Docket No. 20821US01

ASSIGNMENT
(joint inventors)

We are the joint inventors whose names and residences are listed below:

1. **LARS ELMEKILDE HANSEN**, a resident of the City of Roskilde, and Country of Denmark.
2. **LARS BOLLUND**, a resident of the City of Slangerup, and Country of Denmark.
3. **LARS KRESTEN HANSEN**, a resident of the City of Roskilde, and Country of Denmark.
4. **PETER FARKAS BINDERUP HANSEN**, a resident of the City of Birkerød, and Country of Denmark.
5. **LEIF MOLLER JENSEN**, a resident of the City of Frederiksberg C, and Country of Denmark.

We have jointly made an invention comprising certain new, useful, and nonobvious improvements in

PROCESS AND APPARATUS FOR MAKING MINERAL FIBERS

Said invention is described or intended to be described and set forth in the design patent application presently identified as Docket No. 20821US01 which was filed on July 8, 2009, as United States Application Number 12/522,474.

Rockwool International A/S, a corporation organized and existing under and by virtue of the laws of Denmark (hereinafter: "said assignee"), having a place of business at 584 Hovedgaden, Hedeluse, 2640 Denmark, desires to acquire the entire right, title, and interest in and to said invention, said application, and any Letters Patent which may be granted for said invention, said application, and any and all divisions, continuations, continuations-in-part, reissues, reexamination certificates, and extensions thereof.

We warrant and represent that we conceived said invention ourselves, that no one other than us is a joint inventor of said invention, and that neither we nor any of us have assigned or agreed to assign any rights in said invention or said application to anyone other than said assignee or a predecessor in interest to said assignee.

NOW, THEREFORE, in consideration of one dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, we hereby assign to said assignee, its successors and assigns, the entire worldwide right, title, and interest in and to said invention, said application, U.S. Serial No. 12/522,474, filed on July 8, 2009, and any Letters Patent which may be granted for said invention, said application, and any and all provisional applications, divisions, continuations, continuations-in-part, reissues, reexamination certificates, substitutes, and extensions of said application (each of which is included herein as a part of "said application"), including but not limited to all our United States and other national rights to said invention and said application and all our rights under the Paris Convention for the Protection of Industrial Property and all other applicable treaties or laws in respect to said invention and said application.

We hereby authorize and request the Director of the United States Patent and Trademark Office to issue any Letters Patent which may be granted for said invention or upon said application unto said assignee, its successors and assigns, in accordance with this assignment.

We hereby authorize said assignee to apply for patents on said invention in foreign countries, claiming the filing date of said application under the provisions of the Paris Convention for the Protection of Industrial Property and all other applicable treaties and laws, and we further agree to execute any and all documents that may be required or desired by said assignee in order that said assignee may apply for Letters Patent on said invention in foreign countries in our or its name.

We hereby agree to promptly communicate to said assignee or its representatives any facts known to us respecting said invention or said application; to testify in any legal proceeding relating thereto; to sign all lawful papers, including but not limited to all divisional, continuing, continuing-in-part, reissue, substitute, and extension applications, all rightful oaths or declarations, and documents confirming or substituting for this assignment.
