PATENT AND TRADEMARK ASSIGNMENT

This PATENT AND TRADEMARK ASSIGNMENT ("Assignment") is entered into as of the 9th day of October, 2009, by North American Rescue, Incorporated, a Delaware corporation ("Assignor") in favor of North American Rescue, LLC, a Delaware limited liability company ("Assignee").

WHEREAS, Assignor owns all right, title and interest in and to the patents and patent applications identified and set forth on Schedule A attached hereto (collectively, the "Patents"), and the trademark registrations and applications identified and set forth on Schedule B attached hereto, and all goodwill associated therewith (collectively, the "Marks");

WHEREAS, Assignee is the successor to the business of Assignor to which the Marks pertain and such business is ongoing; and

WHEREAS, Assignor and Assignee are parties to that certain Contribution Agreement dated as of the date hereof (the "Contribution Agreement") pursuant to which Assignor has contributed, sold, conveyed, assigned, transferred and delivered to Assignee, and Assignee has accepted and acquired from Assignor certain assets owned by Assignor, including, without limitation, all right, title and interest in and to the Patents and Marks.

NOW, THEREFORE, for good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, Assignor hereby agrees as follows:

1. Assignor hereby irrevocably contributes, sells, conveys, assigns, transfers, and delivers to Assignee, free and clear of any and all liens and encumbrances, the entire right, title and interest in, to and under the Patents for the United States and for all foreign countries, including, without limitation, the inventions and improvements described and claimed therein, all reissuances, revisions, divisionals, continuations, extensions, continuations-in-part and counterparts thereof and all corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter arising or in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all rights to collect royalties, products and proceeds in connection with any of the foregoing and all rights to sue for past, present or future infringement, misappropriation or other violation of the foregoing, and all rights to recover damages or lost profits in connection therewith, and all rights corresponding thereto throughout the world.
2. Assignor hereby irrevocably contributes, sells, conveys, assigns, transfers, and delivers to Assignee, free and clear of any and all liens and encumbrances, the entire right, title and interest in, to and under the Marks, together with the goodwill of the business associated therewith, for the United States and for all foreign countries, including, without limitation, any registrations and applications therefor, any renewals and extensions of the registrations and all corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter arising or in effect, for Assignee's

own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all rights to collect royalties, products and proceeds in connection with any of the foregoing and all rights to sue for past, present or future infringement, misappropriation, unfair competition, dilution or other violation of the foregoing, and all rights to recover damages or lost profits in connection therewith, and all rights corresponding thereto throughout the world.

3. Assignor hereby requests the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record Assignee as the assignee and owner of the Patents and Marks and to deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Assignment.
4. This Assignment shall be governed by and construed in accordance with the laws of the State of New York.
5. This Assignment may be signed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
6. This Assignment is entered into pursuant to the Contribution Agreement, to which reference is made for a further statement of the rights and obligations of Assignor and Assignee with respect to the Patents and Marks.
