## ASSIGNMENT

THIS Assignment is made by and between Tom R. Koloy, an individual residing at Gravarslia 16, Sandnes, Norway 4325 and Jonny Haugen, an individual residing at Kvernbergveien 5, 4070 Randaberg, Norway (hereinafter referred to as "Inventors"), Easy Well Solutions AS, a business entity organized and existing under the laws of Norway, registration number 981 242 017 (hereinafter referred to as "Easy Well"), and Halliburton Energy Services, Inc., a Delaware, United States corporation (hereinafter referred to as "HESI").

WITNESSETH:

WHEREAS, Easy Well is a corporate subsidiary of HESI; and

WHEREAS, Inventors, while in the employ of Easy Well, made an invention detailed in United States patent application, Attorney File No. 2007-IP-003241 U1 US, Application No. 12/348,395, filed January 5, 2009, entitled "Swellable Packer With Composite Material End Rings" and referred to hereafter as "the Invention",

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Inventors and Easy Well (hereinafter collectively referred to as "ASSIGNORS") do hereby ASSIGN, SELL and CONVEY to HESI, its successors and assigns, the entire right, title and interest throughout the world in and to:

1. The Invention;
2. United States patent application on the Invention, Attorney File No. 2007-IP-003241 U1 US, Application No. 12/348,395, filed January 5, 2009, entitled "Swellable Packer With Composite Material End Rings";
3. All applications for patent or like protection on the Invention that have now been or may in the future be made by the ASSIGNORS or their legal representatives, whether in the United States, Norway, or any other place anywhere in the world;
4. All patents and like protection that have now been or may in the future be granted on the Invention to ASSIGNORS or their legal representatives, whether in the United States, Norway, or in any other country or place anywhere in the world;
5. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extensions, and the like of application No. 12/348,395 referred to above and patents and like grants, including without limitations, those obtained or permissible under past, present and future law and statutes;

6. All rights of action on account of past, present and future unauthorized use of the Invention for infringement of patents and like protection;

7. The right to file in HESI's name applications for patents and like protection for the Invention in any country or countries; and

8. All international rights of priority associated with the Invention, applications, patents and like protection; and ASSIGNORS covenant that we the ASSIGNORS, our heirs, legal representatives, assigns, administrators, and executors will at the expense of HESI, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give HESI, its successors and assigns, the full benefit of this Assignment.

9. This Assignment is governed by the laws of Norway, excluding conflict of law rules and choice of law principles
