## ASSIGNMENT OF INVENTION AND PATENT RIGHTS

The Assignor Terry M. Kleeberger (the "Assignor"), a U.S. citizen and a Washington resident, is believed to be the sole-inventor of an invention entitled "Devices and Associated Methods for Furcating Fiber Optic Cables" ("the Invention"), which is the subject of U.S. Patent Application Serial No. 12/579,341, filed October 14, 2009 and entitled "Devices and Associated Methods for Furcating Fiber Optic Cables," which claims priority to U.S. Provisional Patent Application Serial No. 61/274,100, which, in turn, was converted on May 28, 2009 from U.S. Patent Application Serial No. 12/253,722, filed October 17, 2008. Assignor is hereby assigning his entire right and interest in and to the Invention and any patent rights emanating therefrom to NetIG LLC, a Washington limited liability company (the "Assignee") having a principal place of business in Kent, Washington, and of which is desirous in obtaining the entire ownership rights Assignor has in the Invention and any patent rights emanating therefrom.

In consideration for the sum of \$10.00 and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the Assignor hereby assigns his entire right, title, and interest in the Invention, and any patent rights emanating therefrom, including any divisional, continuation, continuation-in-part, substitution, reissue, reexamination, and foreign patent applications, and patents that issue from same to the Assignee; and Assignor hereby requests that the U.S. Director of Patents and Trademarks issue any U.S. patent directly to the Assignee.

Assignor also agrees that this Assignment includes Assignor's Priority Rights under the International Convention with respect to any and all corresponding foreign applications that may or shall be filed in any country that is a signatory thereto and a member of the union there defined within the Convention period.

Assignor warrants that no assignment, sale, agreement or encumbrance has been or will be made or entered into that would conflict with this Assignment.

Assignor further agrees that it will, upon request by Assignee, but at Assignee's expense, promptly provide Assignee with all pertinent facts and documents relating to the Invention, and any and all patent applications or patents, both foreign and domestic, as may be known and accessible to the Assignor; and that Assignor will testify to same in any interference, opposition, or litigation related thereto, and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments, affidavits and/or declarations required to apply for, obtain, maintain, and enforce said application or patent, both foreign and domestic.

SIGNED at Tukwila (city), King County, Washington on 10/16/09 (date).

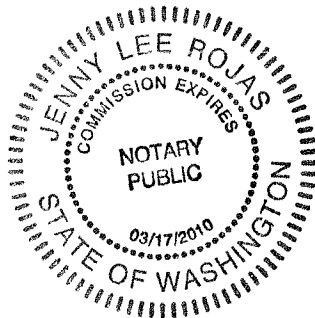

Assignor:

Terry M. Kleeberger

State of Washington                    )  
  ) ss  
County of King                         )

On this 16 day of October, Terry M. Kleeberger personally appeared before me and is known to me to be the individual who executed the Assignment, and that he acknowledged that he signed the same of his free and voluntary act and deed and for the uses and purposed mention therein.

Notary Public in and for the  
State of Washington  
Residing in Duburn, WA  
My commission expires on 3/17/10
