ASSIGNMENT

For valuable consideration the receipt of which is hereby acknowledged, I, Heinrich A. Eberl, residing at Hochvogelweg 3, 87463 Probstried, Germany, hereby assign to David Parker Dickerson, residing at Wippenhauser Strasse 16, 85354 Freising, Germany, and his successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements which are subject of International Application Number PCT/EP00/09843 filed on October 7, 2000 under the Patent Cooperation Treaty entitled "INFORMATION SYSTEM".

This Assignment includes said application, any application claiming priority from said application, any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions, and the right to claim priority based on the filing date of said applications under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes. I authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations and like rights of exclusion, and for inventors' certificates for any inventions described in said application, and I agree for me and my respective heirs, legal representatives and assigns, without further compensation, to perform such lawful acts and to sign such further applications, assignments, preliminary statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.

I covenant with said Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by me and that full right to convey the same as herein expressed is possessed by me.

IN WITNESS WHEREOF, I hereto set my hand and seal at Probstried,
