WHEREAS, I, Gregory W. WHEREAS, Webb Tech Group, LLC, a Corporation organized and existing under the laws of the State of Minnesota, and having an office and place of business at 8001 Ranchers Road NE, Fridley, MN 55432, US (hereinafter “Assignee”), is desirous of acquiring the entire right, title and interest in and to said Invention and all future inventions, improvements and applications for the United States and for all foreign countries and in and to any and all foreign and domestic Letters Patent which may be granted therefore, for the Invention;

I authorize and request the Commissioner of Patent and Trademarks to issue any United States Patent for the DRY PARTICULATE AERATOR FOR SMALL DIAMETER APPLICATIONS invention to Assignee, and to give the sole use and benefit of it to the Assignee and its legal representatives, until the end of the term for which the Patent may be granted or otherwise entitled to have, as fully and entirely as the same would have been held by me had this Assignment not been made.

This Assignment includes my rights in any foreign patent application, or any patent that may issue in any foreign jurisdiction from any such application, that claims priority from the application listed above.
