## ASSIGNMENT

Whereas, we, Steven Chapman of 658 N. Dexter Rd., Dexter, Maine 04930, Roger C. Dutilly of 141 Atlantic Avenue, Urb. Radioville, Arecibo, Puerto Rico 00612, and Pavan Singh of Calle Lago Del Campestre 116, Col. Lagos Del Campestre, Leon, Guanajuato, 37150, Mexico, have invented certain new and useful improvements in a "SHOE SOLE" for which a utility application for a United States Patent, Serial Number 11/649,418, was filed with the United States Patent and Trademark Office January 4, 2007;

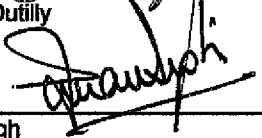

Whereas, we, **Roger C. Dutilly** and **Pavan Singh**, hereinafter referred to as "Co-Inventors", are desirous of assigning their rights in the said new and useful improvement; and

Whereas, **Steven Chapman**, hereafter referred to as "Assignee", whose mailing address is PO Box 596, Dexter, Maine 04930, is desirous of acquiring the entire right, title and interest in the same;

Now, therefore, in consideration of the sum of one dollar (\$1.00), the receipt of which is acknowledged, and other good and valuable consideration, we, the Co-Inventors, by these presents do sell, assign and transfer unto said Assignee the full and exclusive right to the said invention in the United States and throughout the world, and the entire right, title and interest in and to any and all applications, and patents, including the utility patent application, divisions, reissues, continuations and extensions thereof, and all rights of priority resulting from the filing of said application, which may be granted therefor in the United States. We authorize the above-named Assignee to apply for patents of foreign countries for said invention, and to claim all rights of priority without further authorization from me. We agree to execute all papers useful in connection with said United States and foreign applications, and generally to do everything possible to aid said Assignee, his successors, assigns and nominees, at his request and expense, in obtaining and enforcing patents for said invention in all countries; and we hereby authorize and request the Commissioner of Patents and Trademarks to issue all United States patents granted for said invention to said Assignee, his successors and assigns, of the entire right, title, and interest in and to the same, for his sole use and behoof; and for the use and behoof of his legal representatives, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

Executed this -13- day of October, 2009, at Carmen, Puerto Rico
