ASSIGNMENT

WHEREAS, we, Ralf Rueckert, residing at Etterweg 14, D-78573 Wurmlingen, Germany, and Roland Keuffel, residing at Im langen Grund 12, 78579 Neuhausen ob Eck, Germany, have invented certain new and useful improvements in INJECTORS, for which an application for Letters Patent of the United States is being made, and which may be identified in the United States Patent Office by Application No. 29/346,697, filed November 4, 2009.

WHEREAS, Henke-Sass, Wolf GmbH, a business entity organized and existing under the laws of Germany, and having its principal offices at Keltenstrasse 1, D-78532 Tuttlingen, Germany, is desirous of acquiring the entire right, title and interest in and to said application and in, to and under any and all Letters Patent to be obtained therefor;

NOW, THEREFORE, for and in consideration of good and valuable consideration to us in hand paid by said Assignee, the receipt of which is hereby acknowledged, we have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, our entire right, title and interest in and to said design application, all applications claiming priority to said design application including all divisions, continuations or renewals thereof, and the Letters Patent, that may or shall issue, therefrom including all reissues or extensions of such patents, and we do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above mentioned Assignee in accordance herewith.

We hereby authorize the above mentioned Assignee, its successors and assigns, or anyone it may properly designate, to insert in this instrument the date of execution and/or filing date and application number of said application when ascertained.

Upon said consideration we do hereby covenant and agree with the said Assignee, its successors and assigns, that we will not execute in writing or do any act whatsoever conflicting with these presents, and that we or our executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.
