WHEREAS, Grantor has entered into a Credit Agreement dated as of even date herewith (as may be amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), with the Agent, the Domestic Subsidiaries of the Grantor that from time to time become guarantors thereunder and the lenders party thereto (the "Lenders"). Capitalized terms used herein and not otherwise defined are used herein as defined in the Credit Agreement.

WHEREAS, as a condition precedent to the making of advances, Grantor shall have executed that certain Security Agreement dated as of even date herewith (as may be amended, supplemented or otherwise modified from time to time, the "Security Agreement") by Grantor in favor of the Agent for the benefit of the Lenders and the Agent.

(a) the United States and foreign trademark and service mark registrations, applications, and licenses set forth on Exhibit A hereto but excluding any United States intent-to-use trademark application prior to the filing of a Statement of Use or Amendment to Allege Use in connection therewith to the extent that a valid security interest may not be taken in such an intent-to-use trademark application under applicable law (the "Trademarks");

(b) any and all causes of action for past, present and future infringement or breach of the Trademarks, with the right, but not the obligation to sue for and collect, or otherwise recover, damages for such infringement or breach;

(c) the United States, international and foreign patents, patent applications, utility models, and statutory invention registrations set forth on Exhibit B hereto (the "Patents");

(d) any and all reissues, divisions, continuations, continuations-in-part, extensions and reexaminations of the Patents, all inventions in the Patents, and all rights provided in the Patents by international treaties or conventions and all improvements thereto; and

(e) any and all proceeds of the foregoing.

Each of the Lenders, Agent and Grantor hereby (a) agrees that any action with respect to this IP Security Agreement may be brought in the courts of the State of New York or of the United States of America for the Southern District of New York, (b) accepts for itself and in respect of its property, generally and unconditionally, the exclusive jurisdiction of such courts, (c) irrevocably waives any objection, including, without limitation, any objection to the laying of venue or based on the grounds of forum non conveniens, which it may now or hereafter have to the bringing of any action in those jurisdictions, and (d) irrevocably consents to the service of process of any of the courts referred to above in any action by the mailing of copies of the process to the parties hereto as provided in the Credit Agreement. Service effected as provided in this manner will become effective ten calendar days after the mailing of the process.
