ASSIGNMENT

WHEREAS, I, Bohdan Zakiewicz, a citizen of Poland, residing at 427 14th Street, Santa Monica, California 90402, hereinafter referred to as Assignor, have invented a "PRO-ECOLOGICAL MINING SYSTEM" for which I have obtained U.S. Patent No. 6,679,326 dated January 20, 2004 (the "Patent"); and

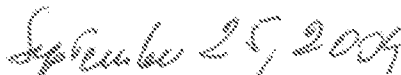

WHEREAS, Geothermic Solution, LLC, a Nevada Corporation, having a place of business at Wells Fargo Tower, 3800 Howard Hughes Parkway, Las Vegas, Nevada 89169, hereinafter referred to as Assignee, is desirous of acquiring the exclusive right, title and interest in and to said invention and in and to the Patent in the United States of America and its territories and possessions, and all countries foreign thereto;

NOW, THEREFORE, for a valuable consideration, the receipt of which is hereby acknowledged, I, the Assignor, do sell, assign, transfer and set over unto said Assignee, its successors and assigns, the full and exclusive right, title and interest in and to said invention and Patent, and in and to any and all Letters Patents to be granted and issued therefrom, not only for, to and in the United States of America, its territories and possessions, but also for, to and in all other countries including all priority rights under the International Convention; and I hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patents to said Assignee, its successors and assigns, in accordance with this Assignment.

Notwithstanding that the rights to the Patent are transferred hereunder to Assignee by Assignor, Assignor shall have an exclusive license to utilize the technology covered by the Patent for non-geothermic and non-geothermal purposes, at no cost to Assignor, subject to such use not competing with or interfering with the operations or business of Assignee. The exclusive license to utilize the technology covered by the Patent covers all cases of complex projects in which geothermic and/or geothermal energy is used as part of the process of mining of minerals, liquids or gases independent of the size or value of such project on land or on water. The decision regarding such complex projects shall be entirely that of Assignor without any limitation by Assignee.

IN TESTIMONY WHEREOF, Assignor has hereunto signed his/her name to this assignment on the date indicated below.
