hereby assign, transfer and set over to:

**SUKGYUNG AT CO., LTD**, a Korean company doing business at 04-1 Moknae-dong, Ansan, Danwon-ku, Gyeonggi-do, Korea (hereinafter called "ASSIGNEE") and the successors, legal representatives and assigns of the ASSIGNEE, the entire worldwide right, title, interest and ownership, and any and all improvements thereto, in and to the invention known as:

### A MAKING METHOD FOR TITANIA NANOPARTICLE

for which a United States Patent Application was filed on **September 4, 2009**, and assigned United States Patent Application Serial Number **12/554,558** and in all rights and privileges under any Letters Patent which may be granted thereon, including any additional applications, continuation applications, continuation-in-part applications, divisional applications and counterparts, and all rights, if any, throughout the entire world to sue for all past infringements which may have occurred before the execution of this assignment.

(1) The ASSIGNOR(s) agrees without charge to said ASSIGNEE, but at its expense, (a) to execute (i) all necessary papers to be used in connection with this application and any additional application, continuation application, continuation-in-part application, divisional application, reexamination or reissue thereof, as the ASSIGNEE may deem necessary or expedient, (ii) all papers in connection with any interference or other legal or quasilegal proceedings relating to this application or any additional application, continuation application, continuation-in-part application, divisional application, reexamination or reissue thereof, (iii) all papers and documents which may be necessary in connection with the preparation and filing of any foreign applications or with making claims to priority rights granted under the provisions of the International Convention for Protection of Industrial Property or similar agreements; (b) to cooperate with ASSIGNEE in every way possible in obtaining evidence and going forward in any such proceedings; and (c) to perform all other affirmative acts which may be necessary or desirable to obtain a grant of a valid patent for said invention, and any and all improvement thereto, in any country throughout the world.

(2) ASSIGNOR(s) hereby authorizes and requests the Director of the U.S. Patent and Trademark Office, and the appropriate officials in any other country, to issue any and all Letters Patent that may be granted upon any patent application or any additional application, continuation application, continuation-in-part application, divisional application, reexamination or reissue thereof to the ASSIGNEE, its successors and assigns.

(3) ASSIGNOR(s) hereby covenants and warrants that he or she has full rights to convey the entire right, title and interest by this instrument, free of any encumbrances and that no other agreement has been or will be executed in conflict herewith.

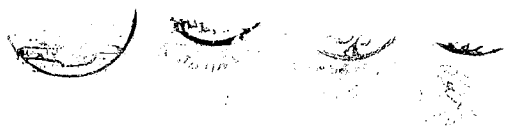

(4) ASSIGNOR(s) hereby grants to Edward Bishop & Associates, Ltd., of Schaumburg, Illinois, authority and power to insert on this instrument any further identification which may be necessary or desirable for purposes of recordation in the United States Patent Office or the Patent Office of any foreign country.
