Docket No.: 1028.01-A**ASSIGNMENT**

THIS ASSIGNMENT, by Karl KHARAS of 855 W. Dillon Rd. H301, Louisville, CO 80027 (hereinafter referred to as the assignor), witnesseth:

WHEREAS, said assignor has invented certain new and useful inventions in METHODS AND APPARATUS FOR SYNTHESIS OF ALCOHOLS FROM SYNGAS, set forth in a utility application in the United States Patent and Trademark Office, bearing application number 12/579,950 and filed on 15-Oct-2009; and

WHEREAS, Range Fuels, Inc., a corporation duly organized under and pursuant to the laws of Delaware and having its principal place of business at 11101 West 120th Avenue, Suite 200, Broomfield, Colorado 80021, together with its successors and assigns (hereinafter referred to as the assignee) is desirous of acquiring the entire right, title and interest in and to said inventions and said utility application and any application for Letters Patent claiming priority thereto or in any way arising therefrom, and in and to any Letters Patent or Patents, United States or foreign, to be obtained therefor and thereon, subject to certain conditional reacquisition rights as described in part herein:

NOW, THEREFORE, in consideration of One Dollar (US\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, said assignor has sold, assigned, transferred and set over, and by these presents does sell, assign, transfer and set over, unto said assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions, utility patent application and any other application for Letters Patent arising therefrom, and any and all Letters Patent or Patents in the United States of America and all foreign countries which may be granted therefore and thereon, and in and to any and all conversions, divisions, continuations and continuations-in-part of said application, or reissues or extensions of said Letters Patent or Patents, and all rights under the treaties providing for the protection and/or facilitation of industrial property administered by the World Intellectual Property Organization, the same to be held and enjoyed by said assignee, for its own use and the use of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted, as fully and entirely as the same would have been held and enjoyed by the assignor, had this sale and assignment not been made, subject to certain conditional reacquisition rights as described in part herein.

AND for the same consideration, said assignor hereby covenants and agrees to and with said assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, said assignor is the sole and lawful owner of the entire right, title and interest in and to said inventions and the utility patent application above-mentioned, and that the same are unencumbered and that said assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, said assignor hereby covenants and agrees to and with said assignee, its successors, legal representatives and assigns, that said assignor will, whenever counsel of said assignee, or the counsel of its successors, legal representatives and assigns, shall advise that any proceeding in connection with said

inventions, utility patent application, or said further application for Letters Patent arising therefrom, or any proceeding in connection with any Letters Patent for said inventions in any country, including interference proceedings, is lawful and desirable, or that any division, continuation or continuation-in-part of any application for Letters Patent or any reissue or extension of any Letters Patent, to be obtained thereon, is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent for said inventions, without charge to said assignor, his successors, legal representatives and assigns, but at the cost and expense of said assignee, its successors, legal representatives and assigns.

AND said assignor hereby requests the Commissioner of Patents to issue any said Letters Patent of the United States to said assignee as the assignee of said inventions and any Letters Patent to be issued thereon for the sole use of said assignee, its successors, legal representatives and assigns.

This assignment is subject to conditional reacquisition rights as follows. In the event that employment of assignor, being currently employed by assignee, terminates for any reason and by either party prior to August 1, 2010, ownership of the following originally filed claims in this patent application shall be collectively reassigned from assignee to assignor for consideration of One Dollar (US\$1.00) and within 90 days of such termination: claims 1-7, 14, 16-22, 30-33, 38-39, and 55-56.
