## ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

WHEREAS, New England Rare Reagents, LLC, whose address is 3 Burnham Road, Gorham, Maine 04038 ("Assignor"), is the sole owner of all right, title and interest in and to certain inventions, discoveries or both described in the Letters Patent and applications for Letters Patent set forth below in Paragraph 1; and

WHEREAS, Restalyst Pte Ltd, whose address is 3 Loyang Way, Singapore 508719 ("Assignee"), for the benefit of itself, its successors and assigns, is desirous of acquiring the entire title, rights, interests, benefits, and privileges hereinafter recited;

NOW, THEREFORE, for valuable consideration furnished by Assignee to Assignor, the receipt and sufficiency of which Assignor hereby acknowledges, Assignor hereby, without reservation:

1. Assigns, transfers and conveys to Assignee its entire right, title, and interest in and to: (a) the patents listed on Exhibit 1 hereto, (b) the patent applications listed on Exhibit 1 hereto, (c) the inventions and discoveries described in said patents and patent applications (the "Inventions"), (d) any and all other applications for Letters Patent on said Inventions, in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part, and Convention applications based in whole or in part upon said Inventions or upon said patents and patent applications, (e) any and all Letters Patent, including divisions, continuations, continuations-in-part, reissues, reexaminations, renewals and extensions of Letters Patent, granted for said Inventions or upon said patents and patent applications, and (f) every priority right that is or may be predicated upon or arise from said Inventions, said applications for Letters Patent, and said patents and patent applications and other Letters Patent, including all legal and equitable rights to sue and/or recover for damages, royalties, fees or other amounts due for the past, present or future use of or infringement of the rights assigned hereunder;

2. Authorizes Assignee to file applications for Letters Patent in any or all countries on any or all of said Inventions in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;

3. Authorizes and requests the Director of the United States Patent and Trademark Office and the empowered officials of all other applicable governments to transfer said patents and patent applications, and any and all other patents or patent applications identified above, to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct; and

4. Agrees, upon Assignee's request and at Assignee's expense, but without further consideration, to perform all acts and execute all documents reasonably serving to assure that the said Inventions, the said patents and patent applications, and all other rights and interests assigned and conveyed herein shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by Assignor and its assigns if this Assignment had not been made.

[Signature is on the following page.]

IN WITNESS WHEREOF, Assignor has caused this Assignment to be executed as of the date set forth below.
