ASSIGNMENT

WHEREAS, **General Electric Capital Corporation**, a Delaware corporation having a principal place of business at 3135 Easton Turnpike, Fairfield, Connecticut 06828, also known as GE Capital Corporation and having a former place of business at 260 Long Ridge Road, Stamford Connecticut 06937, (hereinafter "Assignor") owns certain inventions and improvements disclosed in a non-provisional patent application entitled "Sensing Cargo Using an Imaging Device," filed in the U.S. Patent and Trademark Office on December 31, 2002 and assigned U.S. Patent Application No. 10,335,372 (U.S. Patent Application Publication No. 20040125217); and

WHEREAS, **General Electric Company**, a New York corporation having a principal place of business at 3135 Easton Turnpike, Fairfield, Connecticut 06828, (hereinafter "Assignee") is desirous of acquiring an interest in the same.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor, by these presents, does sell, assign, and transfer to Assignee its entire right, title, and interest in and to said application, in and to any divisions, continuations, reexaminations, and reissues thereof, and in and to all inventions and improvements disclosed and described in said application, preparatory to obtaining Letters Patent of the United States therefore, the same to be held and enjoyed by Assignee, for its own use and benefit, and for its legal representatives and assigns.

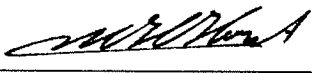

For the same consideration, Assignor, by these presents, does sell, assign, and transfer to Assignee its entire right, title, and interest in and to any foreign application or applications corresponding to said application, in whole or in part, in countries other than the United States, in and to any Letters Patent and similar protective rights granted on said foreign applications, and in and to the right to claim any applicable priority rights arising from or required for said foreign applications under the terms of any applicable conventions, treaties, statutes, or regulations; said foreign applications to be filed and issued in the name of Assignee or its designee insofar as permitted by applicable law;

AND, for the same consideration, Assignor agrees to sign all lawful papers, make all assignments and rightful oaths, and generally do everything possible to aid Assignee, its

successors, assigns, and nominees to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.

IN WITNESS WHEREOF, the undersigned has caused this Assignment to be executed by its duly authorized officer on this 11th day of December 2009.
