ASSIGNMENT

WHEREAS, the undersigned, Ben Wade Oakes Dickinson, III, a resident of San Francisco, California; Robert Wayne Dickinson, a resident of San Rafael, California; Oliver Douglas Ousterhout, a resident of Belvedere, California; Lawrence Joseph Musetti, a resident of San Rafael, California; Porter James Underwood, a resident of Tehachapi, California; and Ali Daneshy, a resident of Houston, Texas; (hereinafter termed "Inventors"), have invented certain new and useful improvements in **ENGINEERED, SCALABLE UNDERGROUND STORAGE SYSTEM AND METHOD**, and have executed an application for a United States patent disclosing and identifying the invention; and having Serial No. 12/582,393, and filing date of October 20, 2009; and

WHEREAS, SEQEnergy, LLC (hereinafter termed "Assignee"), a limited liability company of the State of California, having a place of business at 1770 Post Street, Box 314, San Francisco, California 94115 is desirous of acquiring the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered by said Inventors (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventors' certificates and other forms of protection (hereinafter termed "patents") thereon granted in the United States and foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Inventors to have been received in full from said Assignee:

1. Said Inventors do hereby sell, assign, transfer and convey unto said Assignee, the entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply for foreign patents on said invention pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said invention in the United States or any foreign country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; and (d) in and to each and every reissue or extensions of any of said patents.

2. Said Inventors hereby covenant and agree to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right title and interest herein conveyed in the United States and foreign countries. Such cooperation by said Inventors shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said invention; and (f) for legal proceedings involving said invention and any applications therefore and any patents granted thereon, including without limitation opposition

proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventors in providing such cooperation shall be paid for by said Assignee.

3. The terms, covenants and conditions of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventors, their heirs, legal representatives and assigns.

4. Said Inventors hereby warrant and represent that they have not entered and will not enter into any assignment, contract, or understanding in conflict herewith.

IN WITNESS WHEREOF, said **Ben Wade Oakes Dickinson, III** has executed and delivered this instrument to said Assignee this 18 day of November 2009.
