their successors and assigns, the entire interest for the United States of America and all foreign countries including all rights of priority under the International Convention for the Protection of Industrial Property in a certain invention or improvement in

**COMPOUNDS**

described in an application

☐ Executed by us of even date herewith and about to be filed

or

☒ Application No. 12/573,337, filed on October 5, 2009.

This application claims the benefit of the following provisional application:

☒ Provisional Application No. 60/921,897, filed on April 4, 2007

in the United States Patent and Trademark Office, and in all Letters Patent of the United States and all foreign countries which may or shall be granted on said invention, or any parts thereof, or on said application, or any divisional, continuing, reissue or other applications based in whole or in part thereon. And we agree, for ourselves and our executors and administrators, with said Corporations and their successors and assigns but at their expense and charges, hereafter to execute all applications, amended specifications, deed or other instrument, and to do all acts necessary or proper to secure the grant of Letters Patent in the United States and in

all other countries to said Corporations with specifications and claims in such form as shall be approved by the counsel of said Corporations and to vest and confirm in said Corporations, their successors and assigns, the legal title to all such patents.

And we do hereby authorize and request the Commissioner of Patents and Trademarks of the United States to issue such Letters Patent as shall be granted upon said application or applications based thereon to said Corporations, their successors and assigns.
