Debtor and Secured Party hereby further agree as follows:

1. **OBLIGATIONS:** The security interest and Lien hereby granted shall secure the full, prompt and complete payment and performance of all of the Obligations, as that term is defined in the Amended and Restated Loan and Security Agreement dated as of April 24, 2008 between Debtor and Lender, as amended by the First Amendment to Amended and Restated Loan and Security Agreement dated as of August 5, 2008, the Second Amendment to Amended and Restated Loan and Security Agreement dated as of October 31, 2008, and the Forbearance Agreement (as defined below), as may be further amended from time to time (the "Loan Agreement").

2. **PATENT COLLATERAL:** The collateral in which a security interest and Lien is hereby granted (the "Patent Collateral") comprises collectively: (a) all of Debtor's right, title and interest in and to all of its now or in the future owned or existing patents and patent applications, including the inventions and improvements described and claimed in those patents and patent applications and the patents listed on Schedule I attached and made a part of this Agreement (the property in this item (a) being collectively, the "Patents"); (b) all reissues, divisions, continuations, renewals, extensions and continuations-in-part of each of the Patents; (c) all income, royalties, damages and payments now and in the future due or payable under or with respect to any and all of the Patents, including damages and payments for past or future infringements of any and all of the Patents; (d) all rights to sue for past, present and future infringements of any and all of the Patents; (e) all rights corresponding to any and all of the Patents throughout the world; and (f) to the extent permitted by the terms of such licenses, all rights of Debtor as licensor or licensee under, and with respect to, any patents or patent applications, including the licenses listed on Schedule I and the Patent Licenses (as defined in Section 4(a)) (Debtor's rights as licensor or licensee sometimes referred to in this Agreement collectively as "Patent License Rights").

3. **DEFINITIONS:** Any capitalized term used but not defined herein shall have the meaning ascribed thereto in the Loan Agreement. All of the uncapitalized terms contained in this Agreement which are now or hereafter defined in the Ohio UCC will, unless the context expressly indicates otherwise, have the meanings provided for now or hereafter in the Ohio UCC, as such definitions may be enlarged or expanded from time to time by amendment or judicial decision. As used in this Agreement:

(a) "Forbearance Agreement" means that certain Forbearance and Reaffirmation Agreement dated as of even date herewith among Debtor, Lender, and Hugh M. Gallagher, Jr., as may be amended from time to time.

(b) "Forbearance Default" has the meaning given in the Forbearance Agreement.

(b) Upon the occurrence and during the continuance of a Forbearance Default, Lender shall have the right, immediately or at any time thereafter, in its sole discretion, to deliver to Debtor and to each licensee under a Patent License notice terminating the Patent Licenses, whereupon: (i) the Patent Licenses will automatically and immediately terminate without any further notice or demand (which Debtor expressly waives); (ii) all rights and interests of the licensees in and to and under the Patent Licenses will revert to Debtor; and (iii) all rights of the licensees in the Patent Collateral will cease to exist and be void. If the Forbearance Default is cured to Lender's satisfaction or is waived in writing by Lender, then, without any further action on the part of Lender, the Patent Licenses will immediately revert with the licensees on the cessation of such Forbearance Default subject to the terms of this Agreement.

5. REPRESENTATIONS AND WARRANTIES:

To induce Lender to make, and to continue to make, Loans and other extensions of credit pursuant to the Loan Documents, Debtor represents to Secured Party that the following statements are, and will continue to be so long as any Obligations are outstanding, true:

(a) Except for the security interest hereby granted or as may be set forth, and to the extent permitted by, Schedule I, Debtor is, and as to any property which at any time forms a part of the Patent Collateral, shall be, the owner of each and every item of the Patent Collateral, or otherwise has the right to grant a security interest in the Patent Collateral, free from any Lien or license (other than Permitted Liens or any license expressly permitted by this Agreement); and Debtor has full right to grant the security interest hereby granted;

(b) Set forth in Schedule I is a complete and accurate list of all federally registered Patents and Patent License Rights owned by Debtor or in which Debtor has any rights;

(c) Except as otherwise set forth on Schedule I, (i) as of the date of this Agreement, each Patent is subsisting and has not been adjudged invalid, unpatentable, or unenforceable, in whole or in part, and is enforceable and (ii) each Material Patent identified in Schedule I is subsisting and has not been adjudged invalid, unpatentable, or unenforceable, in whole or in part, and is enforceable;

(d) As of the date of this Agreement, Debtor has not granted any license, release, covenant not to sue, or non-assertion assurance to any Person with respect to any material part of the Patent Collateral except as disclosed on Schedule I or except as expressly permitted under Section 4(a);

(e) Reasonable and proper statutory notice has been used in all material respects in connection with the use of each registered Patent;

(f) Except as may be set forth on Schedule I, to Debtor's knowledge, (i) as of the date of this Agreement, the Patent License Rights are in full force and effect, and (ii) the Patent License Rights constituting Material Patents are in full force and effect. Debtor is not in default under any of the Patent License Rights, and, to Debtor's knowledge, no event has occurred which with notice, the passage of time, the satisfaction of any other condition, or all of them, would reasonably be expected to constitute a default by Debtor under the Patent License Rights; and

(g) Except for the filing of financing statements and the recording of this Agreement with the United States Patent and Trademark Office, no authorization, consent, approval or other action by, and no notice to or filing or recording with, any governmental authority is currently or is reasonably expected to be required either: (i) for the grant by Debtor of the Liens granted hereby or for the execution, delivery or performance of this Agreement by Debtor or (ii) for the perfection of or the exercise by Lender of its rights or remedies hereunder.

6. DEBTOR'S RESPONSIBILITIES AND AGREEMENTS: Until the Obligations are fully paid, performed and satisfied (exclusive of any contingent obligations for indemnification for which Lender has not given notice of a claim thereof against Debtor) and this Agreement is terminated:

(a) Debtor will furnish to Lender promptly after Lender's request in good faith a current list of all material items of the Patent Collateral for the purpose of identifying the Patent Collateral, including any licensing of Patent Collateral, and all other reports in connection with

the Patent Collateral as Lender may reasonably request, all in reasonable detail, and further execute and deliver such supplemental instruments as Lender shall require for the purpose of confirming and perfecting Lender's security interest in any or all of the Patent Collateral;

(b) Should Debtor obtain an ownership interest in any federally registered Patent License Rights or federally registered Patents, which is not now identified in Schedule I: (i) Debtor will give prompt written notice to Lender, (ii) the provisions of Section 2 shall automatically apply to the Patent License Rights and Patents acquired or obtained, and (iii) each of such Patent License Rights and Patents shall automatically become part of the Patent Collateral under this Section 6(b). Debtor authorizes Lender to modify this Agreement by amending Schedule I to include any Patents and Patent License Rights which become part of the Patent Collateral under this Section 6(b);

(c) To the extent that Debtor determines in its reasonable discretion that it is in Debtor's best interest to do so, Debtor will take all necessary steps in any proceeding before the United States Patent and Trademark Office (or any similar office or agency in any other country or any political subdivision of that country) or in any court: (i) to maintain and pursue any patent application now or in the future included in the Patent Collateral related or useful to Debtor's business and (ii) to maintain each patent now or in the future included in the Patent Collateral related or useful to Debtor's business, including the filing of divisional, continuation, continuation-in-part and substitute applications; the filing of applications for reissue, renewal or extensions; the payment of maintenance fees, and the participation in reexamination, opposition, interference and infringement proceedings. To the extent necessary to the conduct of its business, Debtor agrees to take corresponding steps with respect to each new or other registered Patent and patent application to which Debtor is now or later becomes entitled. Any expenses incurred in connection with such activities shall be borne by Debtor. Debtor shall not abandon any right to file a patent application or abandon any pending patent application or patent unless the invention which is the subject of such patent application or patent is not material to the conduct of Debtor's or its Affiliates' businesses or unless it is the opinion of Debtor's counsel that a meaningful patent will not issue on a patent application. Notwithstanding anything to the contrary in this Section 6(c), Debtor shall not have any obligations under this Section 6(c) with respect to any patent identified as "expired" on Schedule I;

(d) Debtor will notify Lender immediately in writing (i) of any information which Debtor has received or is otherwise known to Debtor, which would reasonably be expected to materially adversely affect the value of the Patent Collateral or the rights of Lender with respect thereto and (ii) when Debtor has knowledge (A) that any item of the Patent Collateral material to its business may become abandoned or dedicated; (B) of any adverse written determination by a court or other governmental authority (including the institution of any proceeding in the United States Patent and Trademark Office or any other U.S. or foreign court or tribunal of any kind) regarding any item of the Patent Collateral material to its business; or (C) that Debtor is or potentially could be in default of any of the Patent License Rights;

(e) Debtor will promptly notify Lender should Debtor become aware that any of the Patent Collateral necessary to its business is infringed or misappropriated by any Person, and will, to the extent that Debtor determines in its discretion, exercised in a commercially reasonable

manner, that it is in Debtor's best interests to do so, promptly sue for infringement or misappropriation and for recovery of all damages caused by the infringement or misappropriation, and will take all other actions as Debtor deems appropriate under the circumstances to protect the Patent Collateral. Any expense incurred in connection with the foregoing activities will be borne by Debtor;

(f) Except as expressly permitted by this Agreement or the other Loan Documents, Debtor will not (i) sell, assign (by operation of law or otherwise), license or otherwise dispose of any of the Patent Collateral; (ii) create or suffer to exist any Liens on, or with respect to, any of the Patent Collateral except as may otherwise be disclosed in Schedule I; or (iii) take any other action in connection with any of the items of Patent Collateral that would reasonably be expected to impair the value of the interests or rights of Debtor or Secured Party in, to or under such Patent Collateral;

(g) Debtor will use, and will cause the use of, reasonable and proper statutory notice in connection with its use of a Patent in its business, except where the failure to do so would not reasonably be expected to impair the value of the interests or rights of Debtor or Secured Party in, to or under such Patent; and

(h) Debtor will pay all reasonable expenses and reasonable attorneys' fees of Secured Party actually incurred by Secured Party in the exercise (including enforcement) of any of Secured Party's rights or remedies under this Agreement or applicable law; and Debtor agrees that said reasonable expenses and fees shall constitute part of the Obligations and be secured by the Patent Collateral and the other Loan Collateral (as defined in the Forbearance Agreement).

7. POWER OF ATTORNEY: Debtor hereby authorizes Lender as its true and lawful attorney in fact: (a) to execute and/or authenticate on its behalf, after Debtor's failure to so act after Lender's reasonable written request therefor, and/or file financing statements reflecting its security interest in the Patent Collateral and any other documents necessary or desirable to perfect, maintain or otherwise protect the security interest granted herein, (b) to record the security interest in any and all Patent Collateral in favor of Lender with the United States Patent and Trademark Office (and each other applicable governmental authority), and (c) upon the occurrence and during the continuance of a Forbearance Default: (i) to file any claims or take any action or institute any proceedings that Lender may deem necessary or desirable for the collection of any of the Patent Collateral, (ii) to assign of record in the United States Patent and Trademark Office (and each other applicable governmental authority) any and all of the Patent Collateral in Lender's name (or the name of any nominee), or (iii) otherwise to enforce the rights of Secured Party with respect to any of the Patent Collateral.

8. DEFAULT:

(a) Upon the occurrence and during the continuance of a Forbearance Default, then, in any such event, Lender may, at Lender's option and without further notice to Debtor except as expressly provided in the Loan Agreement, the Forbearance Agreement, or other Loan Documents, resort to the rights and remedies available at law, in equity and under the Loan Documents, including the rights and remedies of a secured party under the Uniform Commercial

Code (whether or not the Uniform Commercial Code applies to the affected Patent Collateral) including (i) causing the assignment of record in the United States Patent and Trademark Office (or any other applicable governmental authority) of the Patent Collateral in Lender's name or in the name of any nominee of Lender; (ii) requiring Debtor to assemble all or any part of the documents embodying the Patent Collateral as directed by Lender and make the documents available to Lender at a place to be designated by Lender; (iii) licensing the Patent Collateral or any part thereof, or assigning its rights to the Patent License Rights to any Person and exercising any and all rights and remedies of Secured Party under or in connection with the Patent Licenses or otherwise in respect of the Patent Collateral; and (iv) selling the Patent Collateral at public or private sale, and Debtor will be credited with the net proceeds of such sale, after payment in full of all Obligations, only when they are actually received by Lender, and any requirement of reasonable notice of any disposition of the Patent Collateral will be satisfied if such notice is sent to Debtor 10 days prior to such disposition. In the event of any sale, assignment, or other disposition of any of the Patent Collateral following the occurrence and during the continuance of such Forbearance Default, Debtor will supply to Lender or its designee Debtor's: (1) know-how and expertise relating to the manufacture and sale of products or the provision of services relating to any Patent Collateral subject to such disposition and (2) customer lists and other records relating to such Patent Collateral and to the distribution of such products and services.

(b) No remedy set forth herein is exclusive of any other available remedy or remedies, but each is cumulative and in addition to every other remedy given under this Agreement, the Forbearance Agreement, the other Loan Documents or now or hereafter existing at law or in equity or by statute. Secured Party may proceed to protect and enforce its rights by an action at law, in equity or by any other appropriate proceedings. Exercise of one or more remedy(ies) by Secured Party does not require that all or any other remedy(ies) be exercised and does not preclude later exercise of the same remedy. No failure on the part of Secured Party to enforce any of the rights hereunder shall be deemed a waiver of such rights or of any Forbearance Default and no waiver of any Forbearance Default will be deemed to be a waiver of any subsequent Forbearance Default. If there is any conflict, ambiguity, or inconsistency, in Lender's judgment, between the terms of this Agreement and any of the other Loan Documents, then the applicable terms and provisions, in Lender's judgment, providing Secured Party with the greater rights, remedies, powers, privileges, or benefits will control.

(c) Debtor acknowledges and agrees that Lender shall have no obligation to, and Debtor hereby waives to the fullest extent permitted by law any right that it may have to require Lender to: (i) prepare any of the Patent Collateral for sale, (ii) pursue any Person to collect any of the Obligations or (iii) exercise collection remedies against any Persons obligated on the Patent Collateral. Lender's compliance with any applicable local, state or federal law requirements, in addition to those imposed by the Uniform Commercial Code in connection with a disposition of any or all of the Patent Collateral will not be considered to adversely affect the commercial reasonableness of any disposition of any or all of the Patent Collateral under the Uniform Commercial Code.

9. GENERAL PROVISIONS:

(a) All rights of Secured Party shall inure to the benefit of its successors, assigns and affiliates and all obligations of Debtor shall bind the successors and assigns of Debtor.

(b) This Agreement, the Forbearance Agreement and the other Loan Documents contain the entire agreement of the parties with respect to the subject matter of this Agreement and supersede all previous understandings and agreements relating to the subject matter hereof, and no oral agreement whatsoever, whether made contemporaneously herewith or hereafter shall amend, modify or otherwise affect the terms of this Agreement. This Agreement may be executed in multiple counterparts, each of which shall be an original but all of which together shall constitute one and the same instrument. This Agreement may be signed by facsimile signatures or other electronic delivery of an image file reflecting the execution hereof, and, if so signed: (i) may be relied on by each party as if the document were a manually signed original and (ii) will be binding on each party for all purposes.

(c) All rights and liabilities hereunder shall be governed and limited by and construed in accordance with the local laws of the State of Ohio (without regard to Ohio conflicts of law principles) except to the extent of the application of other laws of mandatory application.

(d) If any provision of this Agreement is found invalid by a court of competent jurisdiction, the invalid term will be considered excluded from this Agreement and will not invalidate the remaining provisions of this Agreement.

(e) Debtor hereby irrevocably authorizes Lender to file with the United States Patent and Trademark Office a copy of this Agreement and any amendments thereto or any document which may be required by the United States Patent and Trademark Office. Debtor also hereby irrevocably authorizes Lender at any time and from time to time to file in any filing office in any jurisdiction any initial financing statements and amendments thereto that: (i) describe the Patent Collateral and (ii) provide any other information required by Part 5 of Article 9 of the Uniform Commercial Code for the sufficiency or filing office acceptance of any financing statement or amendment, including whether Debtor is an organization, the type of organization and any organizational identification number issued to Debtor. Debtor hereby irrevocably authorizes Lender at any time and from time to time to correct or complete, or to cause to be corrected or completed, any financing statements, continuation statements or other such documents as have been filed naming Debtor as debtor and Lender as secured party. Lender is hereby authorized to give notice to any licensor or licensee of any Patent Collateral or any other Person as may be necessary or desirable under applicable laws to evidence, protect, perfect, or enforce the security interest granted to Lender in the Patent Collateral.

(f) The definition of any document, instrument or agreement includes all schedules, attachments and exhibits thereto and all renewals, extensions, supplements, restatements and amendments thereof. All schedules, exhibits or other attachments to this Agreement are incorporated into, and are made and form an integral part of, this Agreement for all purposes. As used in this Agreement, "hereunder," "herein," "hereto," "this Agreement" and words of similar import refer to this entire document; "including" is used by way of illustration and not by way of limitation, unless the context clearly indicates the contrary; the singular includes the plural and conversely; and any action required to be taken by Debtor is to be taken promptly, unless the

context clearly indicates the contrary. The description of the Patent Collateral in this Agreement does not in any way limit the description of, or Lender's Lien on, the "Collateral" as defined in the Loan Agreement or Secured Party's rights or remedies respecting the "Collateral."

(g) SECURED PARTY AND DEBTOR HEREBY WAIVE THE RIGHT TO TRIAL BY JURY OF ANY MATTERS ARISING OUT OF THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

(h) This Agreement will terminate ("Termination") on the later to occur of: (1) the full performance, payment and satisfaction of the Obligations (exclusive of any contingent obligations for indemnification for which Lender has not then given notice of a claim thereof against Debtor) and (2) the termination of the Loan Agreement. Upon such Termination, the Liens on the Patent Collateral granted hereunder shall automatically be released without further action of Lender, and Lender shall, upon Debtor's request and at Debtor's expense, promptly execute and deliver to Debtor proper documentation acknowledging such release and shall deliver UCC termination statements with respect to its Liens on the Patent Collateral.
