**ASSIGNMENT**

THIS ASSIGNMENT is by **Maurizio Ascani** (the "Assignor(s)"), residing at Via Villa San Faustino 156, I-06056 Massa Martana, Perugia, Italy. The Assignor(s) have invented one or more certain inventions (the "Invention(s)") described in a United States Patent Application entitled **REFRIGERATING DEVICE AND METHOD FOR CIRCULATING A REFRIGERATING FLUID ASSOCIATED WITH IT** (the "Application") filed on November 20, 2009 as Application No. 12/601,060.

**ANGELANTONI INDUSTRIE SPA**, a corporation of Italy having a place of business at **Località Cimacolle 464, I-06056 Massa Martana, Italy** ("Assignee"), desires to acquire the entire right, title and interest in and to the Invention(s) and the Application, and in and to any patents (collectively, "Patents") that may be granted for the Invention(s) in the United States or in any foreign countries.

For valuable consideration, the receipt and sufficiency of which we acknowledge, Assignor(s) hereby sell, assign, and transfer to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to: the Invention(s), the Application, and any Patents; any divisions, continuations, and continuations-in-part of the Application and any other application claiming priority rights from the Application; any reissues, reexaminations, or extensions of any and all Patents; the right to file foreign applications directly in the name of Assignee; and the right to claim priority rights deriving from the Application (collectively, the "Rights"). Assignor(s) warrant that they are the joint owners of the Rights, and that the Rights are unencumbered. Assignor(s) also agree to not sign any writing or do any act conflicting with this assignment, and, without further compensation, sign all documents and do such additional acts as Assignee deems necessary or desirable to: perfect Assignee's enjoyment of the Rights; prepare and prosecute the Application or any other applications for Patents; conduct proceedings regarding the Rights, including any litigation or interference proceedings; or perfect or defend title to the Rights. Assignor(s) request the Commissioner of Patents to issue any Patent of the United States that may be issued on the Invention(s) to Assignee.

Date: 16 DECEMBER 2009

  
Maurizio Ascani
