ASSIGNMENT

WHEREAS, We, Martin J. Yaffe, Ph.D., Gordon E Mawdsley, B.Sc. and James G Mainprize, M.Sc., citizens of Canada, residing at Toronto, Ontario Canada, [hereinafter referred to as Assignors] have made a certain invention entitled:

High Resolution Digital Imaging Apparatus

For which we executed an application for United States Letters Patent on April 6, 2000, Serial No. 09/544.561; and

WHEREAS, Sunnybrook and Women's College Health Sciences Centre, 2075 Bayview Avenue, North York, Ontario, Canada M4N 3M5 (herein called "Institute"), is desirous of acquiring the entire right, title and interest in and said invention and all Letters Patent that may be granted thereon;

NOW, THEREFORE, in consideration of the premises and in acknowledgement, confirmation and performance of obligations which arose out of the terms and conditions of our employment by, or relationship with, Institute or an Affiliate of Institute, at the time the invention was made, I/We do hereby sell, transfer and assign to Institute, its successors and assigns, the entire right, title and interest in and to said invention, in all countries of the world, and in and to all applications for Letters Patent that may be made therefor, in all countries of the world, including specifically, but not limited to, the aforesaid application and all Letters Patent that may be granted thereon and all divisions, reissues, substitutions, continuations, continuations-in-part and extensions thereof, international applications filed under the Patent Cooperation Treaty, and all rights arising under the International Convention for the Protection of Industrial Property by filing any such applications for Letters Patent. I/We hereby acknowledge that this assignment, being of the entire right, title and interest in and to said invention, carries with it the right in Institute to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent by attorneys and agents of Institute's selection and the right to procure the grant of all such Letters Patent to Institute in its own name as assignee of the entire right, title and interest therein.

I/we will, at Institute's expense, perform all lawful acts that Institute, its successors, assigns, nominees and legal representatives may deem advisable to carry out the true purposes and intent hereof and I/we will assist Institute, its successors, assigns, nominees and legal

representatives, in every lawful way to obtain, sustain and enforce Letters Patent for said invention, in all countries of the world, as and when requested by Institute, including specifically, but without limitation, the following:

- (a) I/we will communicate to Institute all facts known to us respecting said invention;
- (b) I/we will, as and when requested by Institute, execute all lawful papers which Institute may deem advisable for carrying out the true purposes and intent hereof, including all lawful oaths and affidavits, one or more written confirmations of this assignment, all applications for Letters Patent in foreign countries and all divisions, continuation, continuation-in-part, reissue and substitute applications for Letters Patent for said invention;
- (c) I/we will testify in any legal proceedings which involve said invention or any Letters Patent granted therefor.

I/we acknowledge and agree that the obligations recited herein are binding on us and on our heirs, executors, administrators and assigns forever.

IN WITNESS WHEREOF, I/we have hereunto set our hands on the dates appearing before our respective names.
