## ASSIGNMENT OF PATENT APPLICATION

FOR GOOD AND VALUABLE CONSIDERATION,

The receipt of which is hereby expressly acknowledged, the undersigned does hereby agree to assign and does hereby sell, assign and transfer unto **Southern Cast Products, Inc.** ("Assignee"), a corporation organized under the laws of the State of Mississippi, and its successors, assigns and legal representatives, the entire right, title and interest, for all countries, in and to certain patent applications and inventions relating to **FLIGHT BAR WITH REPLACEABLE END** as described in U.S. Patent Application No. \_\_\_\_\_, filed \_\_\_\_\_, 2010 with Attorney Docket No. P105845US00PS and the invention(s) and improvement(s) set forth therein, any and all continuations, continuations-in-part, divisionals, and renewals of and substitutes for said application and their equivalents in foreign jurisdictions, including patent applications filed in foreign jurisdictions or under any international convention, all applications claiming priority to or the benefit of any of the foregoing, and all the rights and privileges under any and all Patent that may be granted therefore in any country, and any reissues, or reexaminations, or extensions of patent granted from any of the above and their equivalents in foreign jurisdictions. I request that any and all Patents issuing from said applications be issued to said Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

I agree that, when requested, I will, without charge to said Assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said Assignee, its successors, assigns and legal representatives or nominees.

I authorize and empower said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

I covenant with said Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that I have full right to convey the same as herein expressed.

I hereby authorize the attorneys associated with Customer Number 23378 to insert the application serial number above for the original application entitled **FLIGHT BAR WITH REPLACEABLE END** with Attorney Docket No. P105845US00PS and all the application serial numbers for any and all applications and/or patents claiming benefit of or priority to such U.S. Patent Application and to attach such serial numbers as an attachment to this Assignment of Patent Application, said attachment thereby being incorporated as a part of this Assignment of Patent Application.
