ASSIGNMENT

For One Dollar (\$1.00) and other good and valuable consideration received of the hereinafter named assignee, receipt of which is hereby acknowledged, I/we the undersigned:

Clay Nesbitt, 836B Southampton Road, Benicia, CA 94510 USA

hereby sell and assign to Parker-Hannifin Corporation, a corporation of Ohio having a place of business at 6035 Parkland Boulevard Cleveland, Ohio 44124-4141, U.S.A., its successors and assigns, the entire right, title and interest, so far as concerns the United States and the Territories and Possessions thereof and all foreign countries, in and to the inventions in

COMPACT FORCE MULTIPLYING PNEUMATIC ACTUATOR

set forth in the International Application filed on January 26, 2010 and assigned International Application No. PCT/US2010/22029, any applications from which priority is claimed in this International Application, and any national, regional, or other applications claiming priority to this International Application, including all divisional, renewal, substitute, continuation and Convention applications based in whole or in part upon said inventions or upon said applications, and any and all patents (or jurisdictional equivalents of patents), reissues and extensions thereof, granted for said inventions or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said applications and said patents;

said assignee being hereby authorized to file patent applications in any or all countries on any or all said inventions in the name of the undersigned or in the name of said assignee or otherwise as said assignee may deem advisable, under the International Convention or otherwise;

the PCT International Authorities and the empowered officials of all national/regional jurisdictions being hereby authorized to issue or transfer all said applications and patents to said assignee in accordance herewith;

this assignment being under covenant, not only that full power to make the same is had by the undersigned, but also that such assigned right is not encumbered by any grant, license, or other right heretofore given, and that the undersigned will do all acts reasonably serving to assure that the said inventions, patent applications and patents shall be held and enjoyed by said assignee as fully and entirely as the same could have been held and enjoyed by the undersigned if this assignment had not been made, and particularly to execute and deliver to said assignee all lawful documents including petitions, specifications, oaths, assignments, invention disclaimers, and lawful affidavits

Attorney Docket: 2802-171-023

in form and substance which may be requested by said assignee, to furnish said assignee with all facts relating to said inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be useful for establishing the facts of conception, disclosure and reduction to practice of said inventions, and to testify in any proceedings relating to said inventions, patent applications and patents.

I/We also appoint Parker-Hannifin Corporation as my common representative to represent me/us before all the competent International Authorities in connection with any and all international applications.

I/We authorize the insertion of filing information in the appropriate spaces in this assignment document when that information becomes available.
