ASSIGNMENT

WHEREAS, I, John CRAWFORD, a citizen of United States, residing at Burbank, California (hereinafter, together with my heirs, executors, administrators and legal representatives, referred to as "CRAWFORD"); have, together with Richard S Adler, invented one or more inventions (hereinafter referred to as "said Invention(s)") disclosed in the following United States Patent Applications filed in the United States Patent and Trademark Office: 11/191,251, filed on July 26, 2005, 60/591,018 filed on July 26, 2004, 60/600,955 filed August 12, 2004, 60/605,959 filed August 30, 2004, 60/622,385 filed on October 26, 2004, 60/674,965 filed April 25, 2005 and 60/679,547 filed May 9, 2005 (hereinafter referred to as "said Applications"); and

WHEREAS, CRAWFORD is, and was at the time of the conception of said Invention(s), a consultant to, a principal of, or otherwise employed by, and/or may be or have been under some other obligation to, Karagozian and Case ("K&C"), a professional engineering firm, having a place of business at 2550 North Hollywood Way, Suite 500, Burbank, CA 91505 (which firm, together with its successors and assigns, is hereinafter referred to as "K&C"; and which firm, together with its successors and assigns and with CRAWFORD, is hereinafter referred to as "Assignor");

WHEREAS K&C, may have owned some right, title, and/or interest in and to said Invention(s) and said Application, by virtue of CRAWFORD's consultancy, principalship, employment, operation of law, and/or other obligation;

WHEREAS, RSA Protective Technologies, LLC (previously RSA Security Systems, LLC), a limited liability company organized and existing under the laws of Delaware, having a place of business at 1573 Mimosa Court, Upland, CA 91784, is desirous of obtaining and/or confirming ownership of all of Assignor's right, title and interest in, to and under said invention(s) and said Applications (RSA Protective Technologies, LLC and RSA Security Systems, LLC and their successors and assigns hereinafter referred to as "Assignee"); and

WHEREAS CRAWFORD and K&C in an Assignment executed by CRAWFORD and K&C on August 8, 2007 assigned all of their right, title and interest to said Invention(s) to RSA Protective Technologies, LLC, which at that time was a wholly owned business of RSA Security Systems, LLC.

NOW, THEREFORE, for the sum of \$1.00 and other good and valuable consideration, the receipt and sufficiency of which Assignor hereby acknowledges, Assignor confirms said Assignment Agreement and Assignor has and hereby acknowledges that Assignor has, sold, assigned, transferred and set over, and by these presents hereby sells, assigns, transfers and sets over, to Assignee all of Assignor's right, title and interest in, to and under said Invention and said Applications, including (a) the right to apply for patents in the United States of America and in all foreign countries for said Invention, (b) all applications for patents for said Invention or based on said Applications in all countries, now filed or to be filed, including all non-provisional, divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said Invention or upon said Applications, (c) all patents which may issue on said Invention and on any applications transferred by this Assignment in the United

States and foreign countries, and any and all reissues, extensions, divisions, renewals, substitutes, continuations or continuations-in-part of patents granted for said Invention or upon such applications, for the full term or terms for which the patents may be issued, and (d) every priority right that is or may be predicated upon or arise from said Invention, said Applications and such patents under any applicable international or bilateral treaty, agreement or convention. Assignor hereby authorizes Assignee to file patent applications in all countries for any or all of said Invention in Assignor's name, or in Assignee's name, or otherwise as Assignee may deem advisable, under any international or bilateral treaty, agreement or convention, or otherwise.

K&C hereby consents to and joins in the assignment by CRAWFORD of any and all of K&C's and CRAWFORDS's right, title and interest in, to, and under said Invention(s) and said Applications to Assignee.

Assignor hereby covenants and agrees that Assignor will, upon reasonable request of Assignee, subject to Assignor's prior commitments, and without further consideration but at the expense of the Assignee, communicate any facts known to Assignor relating to said invention(s) and the history thereof, testify in any legal proceeding, execute all lawful papers required to effect the foregoing, and generally do all further acts which may be deemed necessary by Assignee to obtain and enforce proper patent protection for said invention(s) in all countries.

If any part of this Assignment shall be held by a court of competent jurisdiction to be void, invalid or inoperative, the remaining provisions of this Assignment shall not be affected and shall continue in effect, and the invalid provision shall be deemed modified to the least degree necessary to remedy such invalidity.

This Assignment shall be deemed to be made in the State of California, and shall be governed by and construed and interpreted in accordance with the laws of the United States and the State of California. Any action arising hereunder shall be brought in state or federal court located in Los Angeles, California, and the parties hereby stipulate that jurisdiction and venue are proper in the Courts of the State of California located in Los Angeles, California and in the United States District Court located in Los Angeles, California.
