NUNC PRO TUNC PATENT ASSIGNMENT

WHEREAS, KEJR, INC., a Kansas corporation with a business address at 601 North Broadway, Salina, KS 67401 (ASSIGNOR), has agreed to sell and assign to ENNOVATIVE TECHNOLOGIES, INC., (ASSIGNEE), a Delaware corporation with a business address at 9601 San Leandro Street, Oakland, CA 94603, its successors, assigns, nominees, or other legal representatives, the entire right, title, and interest in and to the inventions described, and the patents identified on attached Exhibit A (collectively, the "Patents"), *nunc pro tunc* as of December 1, 2006.

WHEREAS, in order to effectuate Assignor's assignment to Assignee of its entire rights, title and interests in and to the Patents, Assignor is executing this instrument of assignment.

FOR GOOD AND VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, Assignor hereby sells and assigns to Assignee, *nunc pro tunc* as of December 1, 2006, the entire right, title, and interest in and to the invention in the Patent and the application for United States patent therefor, the declaration, and all original and reissued patents granted therefor, and all divisions and continuations thereof, including the subject-matter of any and all claims which may be obtained in every such patent, and the right to apply for and obtain patents and Utility Model Registrations which may be granted thereon in such foreign countries, and authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any official of any other country or countries foreign to the United States whose duty it is to issue patents on applications as aforesaid, to issue said Letters Patent or Utility Model Registration to the said Assignee, its successor, assigns, nominees, or other legal representatives, as assignee of the entire interest herein assigned. Assignor covenant that Assignor has not executed and will not execute any agreement in conflict herewith, and Assignor agrees that Assignor will communicate to said Assignee, its successors, assigns, nominees, or other legal representatives, all facts known to us respecting said invention, whenever requested, and testify in any legal proceedings, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths, and do all lawful acts requisite for the application for such divisional, continuing, or reissue applications, or the procuring thereof, and that if and when said Assignee, its successors, assigns, nominees, or other legal representatives desire to file a disclaimer relating thereto, Assignor will, upon request, sign all lawful papers requisite for the filing of such disclaimer. Assignor further covenants and agrees that Assignor will, at any time upon request, do everything legally possible to aid said Assignee, its successors, assignees, nominees, or other legal representatives, either in its or their own names, to apply for, obtain, and enforce proper patent and/or Utility Model protection for said invention in all countries, all without further consideration but at the expense of said Assignee, its successors, assigns, nominees, or other legal representatives.

12 In WITNESS WHEREOF, Assignor has caused this instrument to be executed on this day of February, 2010.

KEJR, INC. (Assignor)
