## ASSIGNMENT OF RIGHTS IN PATENT

<u>Assignor</u>	<u>Principal Place of Business of Assignor</u>
Cartridge Corporation of America, Inc.	10166 66 <sup>th</sup> Street North Pinellas Park, Florida 33782
<u>Assignee</u>	<u>Principal Place of Business of Assignee</u>
Advanced Cartridge Technologies, LLC	2202 N. Westshore Boulevard, Suite 200 Tampa, Florida 33607

WHEREAS, Cartridge Corporation of America, Inc., the above-identified Assignor, is the owner of the following U.S. patent:

<u>Patent Number</u>	<u>Title</u>	<u>Date of Patent</u>
7.257.356	Ergonomic toner cartridge	August 14, 2007

Hereinafter referred to as the "Patent";

And, whereas Assignor desires to assign a 100% undivided interest in the Patent to the above-identified Assignee, and wherein Assignee is desirous of acquiring the entire right, title and interest in the same:

Now, pursuant to this Assignment of Rights in Patent ("Assignment"), for value received, the receipt and sufficiency whereof is hereby acknowledged:

Assignor hereby assigns, sells and transfers a 100% undivided interest in the entirety of the bundle of rights, title, and interest in and to the Patent to Assignee, together with all claims for damages, past and future, lost profits, and injunctive relief, by reason of any acts of infringement of the Patent by third parties, in the past and in the future, and the right to sue therefore, such interests, claims, and rights, to be held and enjoyed by the Assignee for its own use and for its successors and assigns, to the full end of the term for which such Patent is granted, and any reissues, renewals, or extensions thereof as may be granted, as fully and entirely as the same would have been held by Assignor had this Assignment not been made;

And Assignor further agrees to execute all necessary and lawful future documents, including assignments in favor of Assignee, or its designees as Assignee or its successors and assigns may from time-to-time present in order to perfect title in the Patent;

And Assignor further covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Assignment;

And Assignor further covenants that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to the Patent as may be known and accessible to Assignor, and Assignor will testify to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments, declarations, or affidavits required to apply for, obtain, maintain, and enforce the Patent which may be necessary or desirable to carry out the purposes hereof.

This Assignment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Upon being duly cautioned, the undersigned hereby declares that all statements made herein of the undersigned's own knowledge are true, and that all statements made on information and belief are believed to be true, and further that false statements and the like so made are punishable by fine, imprisonment or both under Section 1001 of Title 18 of the United States Code, and that such willful, false statements may jeopardize the validity of the Patent.
