## ASSIGNMENT

Whereas we, Thomas J. Miskell of Merrimack, New Hampshire, and Vincent J. Rizzo of Hollis, New Hampshire have invented certain new and useful improvements in:

### **SCAN LOCK AND TRACK FLUID CHARACTERIZATION AND LEVEL SENSOR APPARATUS AND METHOD**

(hereinafter referred to as "Invention") described in a U.S. Patent Application, the specification of which was filed December 3, 2009 as U.S. Application No. 12/630,225.

And, whereas we desire to assign a 100% undivided interest in said Invention, said application disclosing the Invention and any Letters Patent which may be granted therefore to **Vibro-Meter, Inc. a State of Delaware corporation, having its place of business at 144 Harvey Road, Londonderry, NH 03053** (hereinafter referred to as "Assignee"), and whereas Assignee is desirous of acquiring the entire right, title and interest in the same;

Now, this indenture witnesseth, that for the sum of one dollar (\$1.00), and other good and valuable consideration, the receipt whereof is hereby acknowledged;

We hereby assign, sell and transfer a 100% undivided interest in said invention, said application, including any divisions, continuations, and continuations-in-part thereof, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted for said Invention, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to us with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee;

And we hereby authorize and request the Director of the United States Patent and Trademark Office to issue said United States Letters Patent to said Assignee, as assignee of the whole right, title and interest thereto;

And we further agree to execute all necessary and lawful future documents, including assignments in favor of Assignee, or its designees as Assignee or its Assignees may from time-to-time present to us in order to perfect title in said Invention, modifications, and improvements in said Invention, applications and Letters Patent of the United States and countries foreign thereto;

And we further agree to sign and properly execute such necessary and lawful papers for application for foreign patents, for filing divisions, continuations and continuations-in-part of said application for patent, and/or, for obtaining any reissue or reissues of any Letters Patent that may be granted for our aforesaid Invention, as the Assignee thereof shall hereafter require and prepare at its own expense.
